Vancouver Senate

AGENDA (REVISED)

THE FIRST REGULAR MEETING OF THE VANCOUVER SENATE
FOR THE 2009/2010 ACADEMIC YEAR

WEDNESDAY, SEPTEMBER 16, 2009
7:00 P.M.

ROOM 182, IRVING K. BARBER LEARNING CENTRE, 1961 EAST MALL

1. Senate Membership (information)
   a. Introduction of Secretary to Senate -- Prof. Stephen J. Toope
      Mr. James Ridge, Associate Vice-President, Enrolment Services & Registrar
   b. Call for Nominations and Notice of Election -- Mr. James Ridge
      This is a call for nominations for one (1) Senator to serve as Vice-Chair of Senate
      for a term of one year and until replaced, pursuant to s. 37(1)(a) of the University
      Act. Nominations deadline is September 30, 2009. If necessary, an election will be
      held at the October 14 meeting of Senate.
   c. Declarations of Vacancy -- Mr. James Ridge
      One (1) faculty representative of the Faculty of Education to replace resigning
      member Dr. Rita Irwin.
      One (1) representative of the Convocation who is not a faculty member to replace
      the late Mr. Gerald Podersky-Cannon.
      One (1) faculty representative of the Faculty of Law to replace resigning member
      Prof. Margot Young.

2. Minutes of the Meeting of May 13, 2009 -- Prof. Stephen J. Toope
   (approval) (circulated)

3. Business Arising from the Minutes

4. Remarks from the Chair and Related Questions -- Prof. Stephen J. Toope

5. From the Board of Governors -- Prof. Stephen J. Toope
   Confirmation that the following items approved by the Vancouver Senate were subse-
   quently approved by the Board of Governors as required under the University Act
   (information)

   .../continued
Senate Meeting of April 15, 2009
Curriculum proposals from the Faculties of Applied Science, Graduate Studies (College for Interdisciplinary Studies, Land & Food Systems, and Science), and Science.

Senate Meeting of May 13, 2009
Curriculum proposals from the Faculties of Arts, Commerce & Business Administration, Graduate Studies (Arts, Commerce & Business Administration, and Dentistry), Law; and the College of Health Disciplines.

New Programs: Master of Engineering in Clean Energy Engineering (M.Eng.) and graduate programs in Craniofacial Sciences.

New Awards.
Disestablishment of the Institute of Hearing Accessibility Research and the Institute of Health Promotion Research.

6. UBC 2010 Olympic and Paralympic Games Update -- Dr. David Farrar introducing Guest Speaker Ms. T. Michelle Aucoin, Director, UBC 2010 Olympic and Paralympic Secretariat (information)

7. Admissions Committee -- Dr. David Fielding
   a. Changes in Admission Requirements - Bachelor of Fine Arts (approval) (circulated)
   b. Changes in Admission Requirements - Graduate Programs in Language and Literacy Education (approval) (circulated)
   c. Changes in Admission Requirements - Doctor of Medicine (approval) (circulated)
   d. Changes in Admission Requirements - Master of Science in Audiology (approval) (circulated)
   e. Academic Leave (approval) (circulated)
   f. Calendar Change on Admission - Applicants Following the BC/Yukon Secondary School Curriculum (approval) (circulated)
   g. Calendar Change on Admission - Applicants from a College or University (approval) (circulated)
   h. Routing of Admission Appeals (information) (circulated)

8. Curriculum Committee -- Dr. Peter Marshall
   New Certificate in Program Management (information) (circulated)

9. Nominating Committee -- Dr. Rhodri Windsor-Liscombe
   Adjustments of Senate Committees (approval) (circulated)

.../continued
10. Tributes Committee -- Dr. Sally Thorne
   Memorial Minutes for Dr. William C. Gibson and Mr. Gerald Podersky-Cannon
   (approval) (circulated)

11. Report from the Provost and Vice-President, Academic -- Dr. David Farrar
   2008/2009 Report to Senate on Student Evaluation of Teaching (information) (circulated)

12. Report from the Associate Vice-President, Enrolment Services & Registrar -- Mr. James Ridge

13. Report from an Affiliated College -- Dr. John Dennison
   Introduction of Dr. John Stapleton, President, St. Mark’s College (information)

14. Proposed Agenda Items

15. Other Business

Section 16 (b) of the Rules and Procedures of Senate states that meetings will adjourn no later than 9:30 p.m.

Regrets: Lauren Hume, telephone 604.822.5239 or e-mail: lauren.hume@ubc.ca

UBC Senates and Council of Senates website: http://www.senate.ubc.ca
Attendance

Present: Prof. S. J. Toope (Chair), Dr. R. Anstee, Dr. K. Baimbridge, Dean M. A. Bobinski, Dr. J. Brander, Mr. B. Cappellacci, Mr. G. Costeloe, Ms. B. Craig, Dr. J. Dennison, Mr. G. Dew, Ms. A. Dulay, Dr. W. Dunford, Dr. S. Farris, Dr. D. Farrar, Ms. M. Friesen, Mr. C. L. Gorman, Dr. S. Grayston, Dr. W. Hall, Dr. P. G. Harrison, Mr. S. Heisler, Ms. D. Herbert, Dr. R. Irwin, Dean M. Isman, Mr. A. Johal, Dr. S. B. Knight, Dr. B. S. Lalli, Dr. D. Lehman, Mr. D. Leung, Dr. P. Loewen, Dr. P. L. Marshall, Dr. W. McKee, Mr. J. Mertens, Mr. C. Meyers, Principal L. Nasmith, Dr. C. Orvig, Dr. K. Patterson, Dean S. Peacock, Dr. J. Plessis, Ms. S. Purewal, Dr. A. Riseman, Dr. L. Rucker, Mr. J. Sealy-Harrington, Dr. S. Singh, Dr. R. Sparks, Dr. B. Stelck, Dean G. Stuart, Mr. D. Thakrar, Dr. S. Thorne, Dean R. Tierney, Mr. B. Tomlinson, Mr. D. Verma, Dr. M. Vessey, Mr. A. Wazeer, Dr. R. Windsor-Liscombe, Dr. R. A. Yaworsky, Ms. M. Young, Dr. T. Young.

By Invitation: Dr. L. Kesler, Dr. A. Kindler, Dr. W. Pue, Dr. D. Wilkinson.

Regrets: Dean T. Aboulnasr, Mr. C. Au, Principal M. Burgess, Dr. B. Cairns, Mr. A. Cheung, Dean B. Evans, Dr. D. Fielding, Dean N. Gallini, Mr. R. Gardiner, Dr. A. Ivanov, Ms. A. Kelly, Dr. B. MacDougall, Mr. W. McNulty, Ms. S. Morgan-Silvester, Dean D. Muzyka, Dr. G. Öberg, Ms. A. Peterson, Mr. G. Podersky-Cannon, Dr. T. Ross, Dean J. Saddler, Mr. M. Sami, Ms. A. Shaikh, Dr. C. Shuler, Dean R. Sindelar, Dr. M. Upadhyaya, Mr. A. Warbinek, Dr. P. Ward, Dr. R. Wilson.

Recording Secretary: Ms. L. M. Collins.

Call to Order

The President called to order the ninth regular meeting of the Senate for the 2008/2009 academic year.
Senate Membership

STUDENT SENATORS

The Secretary had circulated for information a list of new and returning student representatives to Senate for the term from April 1, 2009 to March 31, 2010 and thereafter until replaced.

APPOINTMENT OF STUDENT SENATORS AT-LARGE

Mr. Heisler
Mr. Tomlinson

That Senate, on the recommendation of the Council of the Alma Mater Society, appoint Mr. Joël Mertens, Mr. Joshua Sealy, and Mr. Azim Wazeer to Senate as representatives of the student body at-large for terms ending 31 March 2010 and thereafter until replaced.

Carried.

CALL FOR NOMINATIONS AND NOTICE OF ELECTION

The Secretary had issued with the meeting agenda a call for nominations for two Student Senators to serve on the Nominating Committee for the term from May 13, 2009 until March 31, 2010 and thereafter until replaced.

Two nominations were received, and Mr Geoff Costeloe and Mr Joël Mertens were declared acclaimed as elected.

Minutes of the Previous Meeting

Dr. Rucker
Mr. Verma

That the minutes of the meeting of April 15, 2009 be adopted as circulated.

CORRECTION

Referring to the comments attributed to him on p. 08/09 127, Dr. Dennison clarified that he had not stated that student rank in class would be a fairer way to judge student perfor-
mance than raw grades, but had noted that rank in class was one factor to consider. Dr. Dennison had suggested that UBC look at policies that had been recently reinstated in California. He had located some data at the institutional and state levels and had passed it along to the Admissions Committee for review.

Remarks from the Chair and Related Questions

BRIAN J. SILZER, ASSOCIATE VICE-PRESIDENT, ENROLMENT SERVICES & REGISTRAR

The President noted that Mr. Brian J. Silzer was attending his last meeting as Secretary prior to his retirement in June 2009. Mr. Silzer had begun his term at UBC as Associate Vice-President, Enrolment Services & Registrar in 2002, following a long and distinguished career at the University of Alberta. Mr. Silzer had shown an exceptional commitment to students and was recognized as a mentor for registrars and other student-service professionals across Canada. Most recently, he was known as a champion for the development of the Kuali Student student information system. Presenting a certificate of appreciation, the President described Mr. Silzer as a “fountain of good advice” and a “wonderful servant of UBC.”

Mr. Silzer responded that he had very much enjoyed his work at UBC. He thanked Ms. Collins and the Senate secretariat for their dedication to the proper functioning of the Senate. Mr. Silzer stated that he looked forward to helping his successor, Mr. James Ridge, transition to his new role.
**Agenda Committee**

**TOPICS OF BROAD ACADEMIC INTEREST**

Committee Chair Dean Bobinski gave an oral report on the Committee’s collection of topics of broad academic interest in response to the March 25, 2009 call for submissions. Dean Bobinski listed the topics and the Committee’s respective plans for each them as follows:

1. Engagement by faculty members in service activity. Agenda Committee to forward to Nominating Committee for consideration due to connection to Culture of Service referral.
2. Gender-Neutral Degree Nomenclature: Bachelor/Master/Doctor or Baccalaureate/Magisteriate/Doctorate. Should graduates be allowed to choose? Agenda Committee to forward to Academic Policy Committee for preparation of a discussion paper.
3. Institutional Strategies to “scale up” Community Service Learning and Community-Based Research at UBC. Agenda Committee to forward to Teaching & Learning Committee for preparation of discussion paper.
4. Increasing the Yield: Student Engagement in International Learning. Agenda Committee to forward to Teaching & Learning Committee for preparation of discussion paper.
5. University reliance on external funding sources and academic freedom. Agenda Committee to plan a Senate discussion (facilitated by a Senator) to take place in fall 2009.
6. Proposal that the University develop and implement a required “unit” on sustainability for all students. Agenda Committee to consult with the President’s Advisory Committee on Sustainability and/or the working group on the academic sustainability plan.
7. UBC Students’ health, wellbeing, and academic success. Agenda Committee to consult further with submitters to identify issues of particular interest to Senate and how Senate might engage.

**From the Board of Governors**

The Senate received for information confirmation that the following items approved by the Senate had subsequently been approved by the Board of Governors, as required under the *University Act*. 
Senate Meeting of March 25, 2009

Curriculum Proposals from the Faculties of Forestry, Graduate Studies (Pharmaceutical Sciences and Science), and Pharmaceutical Sciences

New Awards

Enrolment Targets 2009/2010

Candidates for Degrees

The Secretary presented for approval a list of 6841 candidates for degrees and diplomas.

Dr. Rucker
Mr. Costeloe

} That the candidates for degrees and diplomas, as recommended by the Faculties and Schools, be granted the degrees and diplomas for which they are recommended, effective May 2009, and that a committee composed of the Registrar, the appropriate Dean, and the Chair of the Vancouver Senate, be empowered to make any necessary adjustments.

Carried by the required 2/3 majority.

Reports from the Provost and Vice-President, Academic

UBC ABORIGINAL STRATEGIC PLAN

Dr. Farrar had circulated for information the UBC Aboriginal Strategic Plan. He stated that the Plan had been developed as a “living document” to reflect UBC’s commitment to Aboriginal education, respect for Aboriginal knowledge and cultures, and resolve to build upon the strengths of the University to more fully address the needs of Aboriginal and Indigenous communities in British Columbia, Canada, and the world. The document outlined how the University planned to move forward on its goals to develop educational opportunities for Aboriginal people, provide relevant and substantive curricula and research that appropriately address Aboriginal culture and history and integrate the
understandings they provide across disciplines, and to engage Aboriginal communities in mutually supportive and productive relationships.

At the request of Dr. Farrar, the assembly recognized Dr. Anna Kindler, Vice-Provost, Academic Affairs, and Dr. Linc Kesler, Senior Advisor to the President on Aboriginal Affairs.

Dr. Kindler noted that the materials circulated included the Plan and two documents related to implementation. She gave an overview of the process for development of the Plan, and described the planning process as being of both symbolic and pragmatic significance. It had been considered particularly important that the Aboriginal Strategic Plan be developed early in the strategic planning process so that the priorities identified in the Aboriginal Strategic Plan could be embedded in the broader UBC strategic plan.

The working group that developed the Plan had had extensive discussions about whether to set time-delimited targets for certain deliverables. In the hope of building a sense of ownership of the Plan, it was deemed preferable to set out areas of engagement and then to ask academic units to include them in their regular academic planning processes. In discussions about budgetary requirements for implementation, the working group had decided to recommend an integrated budget model rather than the establishment of a special pool of funds. Dr. Kesler agreed, stating that Aboriginal priorities were crucial to the University as a whole and that it was important not to marginalize Aboriginal issues as a special category of work.

Dr. Kesler gave a brief overview of the guiding principles and the areas of engagement laid out in the plan. He described the care that had been taken to consult with people on campus and in communities. As a result, he reported that there had been a high degree of endorsement of the Plan.
DISCUSSION

Mr. Costeloe expressed his support for the Plan and thanked the working group. He asked how the University might oversee implementation to ensure success. Dr. Kesler agreed that it would be important to ensure that the Plan was not lost among other priorities. He stated that real intention, teamwork, and will would be necessary. Should progress be slow in some areas, it would be necessary to identify why and to modify the approach. The President noted that Dr. Kesler’s recent appointment as Senior Advisor to the President on Aboriginal Affairs would provide a direct connection to the executive team. Dr. Kindler described several processes and groups that were already underway within faculties.

Dr. Kesler described the two major potential threats to an implementation of this type as dependency on an isolated unit and the allocation of contingent funding. When these units and funds had been exhausted, the initiative would disappear.

As a member of the Undergraduate Programs Subcommittee of the Sustainability Academic Strategy working group, Dr. Singh pointed out the potential for members of the Aboriginal Strategic Plan working group to connect with other working groups. Dr. Kesler agreed.

Dr. Anstee was pleased to see engagement in high-school mathematics and science referenced in the Plan, and asked what action was planned in the area of mathematics in particular. He noted that similar initiatives in the past had relied on the identification of a volunteer faculty support person. Dr. Kesler stated that the overall goal was to improve Aboriginal students’ chances of completing high school with the subjects they needed, and that he had observed a sincere willingness within the community to work with the University in this area.
Dr. Knight spoke in support of the report and offered the following suggestions:

- The University should avoid setting a minimum target for the enrolment of Aboriginal students.
- In the section on student recruitment, specific reference to the role of admissions policies, e.g., broader based admissions, would be helpful.
- It would be useful to make reference to specific strategies to stimulate learning at the secondary school level, e.g., adjustments to class times and modes of instruction and the addition of tutorials, etc.

Dr. Kesler stated that these were areas where careful thinking was critical.

Referring to the section on Recruitment and Support of Faculty and Staff, Ms. Young was pleased to see the recommendation for a committee to assess the relationship between promotion and tenure procedures and the actual demands placed on Aboriginal faculty. She suggested that this assessment be extended to consider how requirements could take into account different knowledge and approaches to create a more inclusive advancement system. Ms. Young also suggested that workplace climate issues for Aboriginal faculty in particular merited attention. Dr. Kesler thanked Ms. Young for her observations, indicating that there was awareness of issues in these areas and that they would be challenging to address.

Dr. Farrar emphasized the importance of connections between the Aboriginal Strategic Plan and other plans, such as the international plan and the sustainability plan. He thanked the working group, including Dr.'s Kindler and Kesler for their work.

**Academic Building Needs Committee**

Committee Chair Dr. Sparks delivered the report.

**ORAL ANNUAL REPORT ON COMMITTEE ACTIVITIES**

Dr. Sparks gave an overview of the Committee’s activities over the previous academic year. He thanked his fellow Committee members for their engagement and secretariat staff Mr.
Christopher Eaton and Ms. Lauren Hume for their support. He noted that Student Senators Mr. Robert McLean and Mr. Azim Wazeer had been particularly active on the Committee.

Dr. Sparks noted that the mandate of the Committee was broader than its name suggested. The mandate included, for example, monitoring the implementation of the Campus Plan and to review the impact of every building or landscape development on the total teaching and academic resource.

AREAS OF ENGAGEMENT

The Committee had undertaken discussions in the following areas:

1. Classroom space, including University support for classroom space, configuration and design of classroom space, and availability of formal and informal learning spaces. The unavailability of 15 percent of classrooms due to renovation presented a particular challenge.
2. Sustainability and accessibility, including standards and goals for buildings and landscaping. Accessibility during construction was of concern.
3. President’s Property and Planning Advisory Committee (PPPAC). The inclusion of members of the Senate Academic Building Needs Committee as voting members of PPPAC formed the basis for consultation with the Senate prior to Board approval of all building projects. The Committee used this authority advisedly and aimed to update Senate regularly. At six PPPAC meetings over the previous year, a total of 11 proposals had come forward for review, including six for approval.

The Committee had met with a number of individuals and groups on campus to understand the campus planning process. The Committee had been impressed with the high quality of consultation and planning that was underway, and had invited Ms. Nancy Knight to return to Senate with a status update.

VANCOUVER CAMPUS PLAN: KEY DIRECTIONS

At the request of Dr. Sparks, the assembly recognized guest presenter Ms. Nancy Knight, Associate Vice-President, Campus & Community Planning.
Ms. Knight recalled that, at the time of her last visit to Senate, Phase 3 (Talking About the Future) had been underway. By May 2009, Phase 4 (Consultation) was nearly complete and Phase 5 (A Draft Plan) was beginning.

Ms. Knight reported that the Campus Plan would envision a 10 percent increment on academic facilities and a doubling of student housing and associated infrastructure, e.g., food services and child care.

Drivers for change included the following:

- Sustainability;
- Changing social needs; and
- Directions set through the University’s strategic plan.

The following key directions had arisen during consultation:

- Efficient use for the University’s land base;
- A more personal campus experience, particularly for undergraduate students;
- A memorable sense of place;
- Reflection of the West Coast setting;
- Vibrant campus life;
- Increasing the capacity for and the variety of student housing;
- Improving the public realm of the campus.

Ms. Knight stated that next steps included developing the more detailed guidelines and policies that would lead to a draft Campus Plan. A consultation on the complete package was planned for October 2009.

**DISCUSSION**

Dr. Windsor-Liscombe expressed his appreciation for the work that was underway. He asked whether the Academic Building Needs Committee could consider how to manage the problem of reliance on donors to fund academic buildings in the absence of sustained
funding from the provincial government. Dr. Sparks described three main drivers for development:

• opportunities to work with individual donors;
• the University’s list of capital priorities; and
• the UBC Renew initiative.

President Toope expressed disappointment that governments had recently begun targeting funding for capital development in specific ways, e.g. for “research building in science and technology,” and indicated that counterbalancing these funding restrictions presented a constant challenge.

Mr. Costeloe reported that campus development was a topic of great interest to students. In response to a question about student housing, Ms. Knight stated there were approximately 8500 beds on campus, which could accommodate 29 percent of full-time undergraduate students and 24 percent of graduate students. The objective was to increase capacity to house half of all full-time undergraduates.

Dr. Harrison expressed appreciation for the approach of trying to envision the campus in 2017. He noted, however, that the Plan seemed to anticipate numbers about the make-up of the student body that differed from the targets under consideration by the Senate Admissions Committee. He suggested a future Senate discussion about projections for the student body, including the mix of undergraduate and graduate students. Dr. Farrar agreed, noting that these enrolment issues were linked to upcoming discussions about how to balance the University budget. Dr. Farrar stated that he would value a conversation with Senate about enrolment directions, and suggested that an item be scheduled for the fall of 2009.

Mr. Wazeer stated that some of the 8,500 spaces in student housing were inaccessible to many students because of the requirement for a 12-month lease, even while some spaces
remained vacant. He asked whether more eight-month leases would be available in the future. Ms. Knight stated that this particular concern had been raised during consultation and that it had been forwarded to the group that manages student housing. President Toope stated that there was recognition of the need to become more creative about student housing options. A different approach would be necessary to meet the aggressive target of housing 50 percent of full-time undergraduates. The President stated that the University’s complement of student housing placed UBC far ahead of many of its peers. The University of Toronto and McGill University, as examples, were able to accommodate far fewer students directly on campus. The location of those universities directly within cities presented, however, many more options for off-campus student housing in comparison to the situation at UBC.

Dr. Baimbridge expressed the opinion that it felt increasingly dangerous for pedestrians to share the road with cyclists on campus. He asked whether plans were underway to improve cycling routes and to ensure pedestrian safety. Ms. Knight stated that she had heard this concern in consultation, and that balancing among the various modes of transportation would be considered during the development of the draft Campus Plan.

The President thanked Ms. Knight for her report and suggested that Senators send any additional questions to Ms. Knight by email.

**Academic Policy Committee**

Committee Chair Dr. Harrison delivered the reports.
DISESTABLISHMENT OF THE INSTITUTE OF HEARING ACCESSIBILITY RESEARCH

The Committee had circulated a proposal to disestablish the Institute of Hearing Accessibility Research (IHEAR). Senate had approved the establishment of the Institute in the Faculty of Graduate Studies in May 1994 and its transfer to the College for Interdisciplinary Studies in November 2006. In light of significant budgetary and leadership challenges, the Institute had ceased operations in December 2002.

Dr. Harrison
Mr. Dew

That Senate disestablish the Institute of Hearing Accessibility Research in the College for Interdisciplinary Studies.

Carried.

DISESTABLISHMENT OF THE INSTITUTE OF HEALTH PROMOTION RESEARCH

The Committee had circulated a proposal to disestablish the Institute of Health Promotion Research (IHPR). Senate had approved the establishment of Institute in the Faculty of Graduate Studies in March 1990 and its transfer to the College for Interdisciplinary Studies in November 2006. In light of the budgetary and leadership challenges identified by an external review and the creation of the School of Population and Public Health, the Institute had ceased operations in October 2007.

Dr. Harrison
Dr. Windsor-Liscombe

That Senate disestablish the Institute of Health Promotion Research in the College for Interdisciplinary Studies.

Carried.

ORAL REPORT ON REINSTALLMENT OF THE THURSDAY NOON-HOUR BREAK FOR 2009/2010 AND THEREAFTER

In response to a request at the previous meeting under Proposed Agenda Items, Dr. Harrison gave a brief update on the suspension of the Thursday “noon-hour” break between classes for the 2008/2009 academic year and its pending reinstatement. He recalled that...
Senate had agreed to suspend the break temporarily as one of several strategies to provide for fuller utilization of space in a period where 15 percent of available classrooms were undergoing renovation.

Classroom Services had reported to the Academic Policy Committee that, during the suspension period, there had been a 50 percent increase in scheduling of classes in the 12:30 to 2:00 timetable slot. Dr. Harrison explained that a certain percentage of classes had been scheduled in that slot even prior to the suspension of the break.

The Committee understood that midday class times were considered highly desirable and had decided to undertake wide consultation about whether it would be preferable to schedule a break at some other time in the weekly timetable. Dr. Harrison encouraged Senators to participate in the consultation process. He hoped that the Committee would be prepared to report back by late fall 2009.

**Admissions Committee**

Committee member Dr. Anstee delivered the reports.

**BROADER BASED ADMISSION: BACHELOR OF ARTS**

The Committee had circulated a proposed revised calendar entry on admission requirements for applicants to the Bachelor of Arts program. Applicants who met the minimum academic requirements but who did not meet the required competitive average for admission would be evaluated using broad-based admission criteria. The Faculty had previously
considered broad-based criteria in the selection of international secondary school applicants and proposed to extend this practice to include domestic applicants.

Dr. Anstee  
Mr. Gorman  

\{ That Senate approve the revised calendar entry on admission requirements for applicants to the Bachelor of Arts program, effective for entry to the 2010 Winter Session and thereafter. \}

**DISCUSSION**

In response to a question from Mr. Johal about methods for verifying claims made by applicants on supplemental application forms, Dr. Harrison stated that applicants were normally required to submit referee names and contact information so that the University could follow up as necessary.

In response to a question from Mr. Heisler, Dr. Anstee stated that he doubted that implementation of a broader-based admissions policy would generate more student appeals from admission decisions.

In response to a question from Dr. Knight about the use of e-portfolios in broader-based admissions, Mr. Silzer indicated that this was being explored in the School of Nursing.

The motion was put and carried.

**CHANGES IN ADMISSION REQUIREMENTS: BACHELOR OF ARTS**

The Committee had circulated proposed changes in admission requirements for Brazilian secondary school applicants to the Bachelor of Arts program. The Faculty of Arts proposed to use broader-based admission processes to evaluate all Brazilian secondary school applicants and would require a competitive grade point average in addition to one of three additional indicators. The proposed changes were consistent with the admission practices of other major Canadian Universities with respect to applicants following the
Brazilian secondary school curriculum. The Faculty planned to closely monitor the implementation of this policy and provide any necessary support to incoming students.

\[
\text{Dr. Anstee} \hspace{1cm} \text{That Senate approve the proposed changes to admission requirements for applicants following the Brazilian secondary school curriculum to the Bachelor of Arts program, effective for entry to the 2010 Winter Session and thereafter.} \\
\text{Dr. Rucker} \hspace{1cm} \text{Carried.}
\]

**CHANGES IN ADMISSION REQUIREMENTS: BACHELOR OF MUSIC**

The Admissions Committee had circulated proposed changes in admission requirements for applicants to the Bachelor of Music program. The revised application deadline would allow more timely offers of admission and the identification and recruitment of the best students.

\[
\text{Dr. Anstee} \hspace{1cm} \text{That Senate approve the proposed changes to admission requirements for applicants to the Bachelor of Music program, effective for entry to the 2010 Winter Session and thereafter.} \\
\text{Dr. Loewen} \hspace{1cm} \text{Carried.}
\]

**CHANGES IN ADMISSION REQUIREMENTS: BACHELOR OF EDUCATION, CAREER EDUCATION PROGRAM OPTION: CHEF EDUCATION SPECIALIZATION**

The Admissions Committee had circulated proposed changes in admission requirements for applicants to the Bachelor of Education Career Education Program, CHEF Education Specialization. Applicants would be granted 60 credits of advanced standing for Interprovincial Trades Qualification “Red Seal” Cook plus Diploma in Culinary Arts (or equiva-
lent) and be required to complete 30 credits of Arts and Science course work prior to admission.

\[
\text{Dr. Anstee} \quad \text{Dr. Rucker} \quad \text{That Senate approve the proposed changes to admission requirements for applicants to the Bachelor of Education Career Education Program: CHEF Education Program, effective for entry to the 2009 Winter Session and thereafter.}
\]

\[\text{Carried.}\]

**ANNUAL REPORT TO SENATE: ADMISSIONS APPEALS**

Pursuant to section 37(1)(b) of the *University Act*, the Vancouver Senate had conferred on the Admissions Committee the power to hear final appeals on applications for admission and readmission to the University. The Committee had circulated for information its annual summary of actions taken under this authority.

Between May 1, 2008 and April 30, 2009, the Admissions Committee heard 20 student appeals:

- 11 appeals for admission to the University;
- 3 appeals for readmission to the University;
- 6 appeals by UBC students for admission/transfer to a Degree or Program.

Of the appeals heard by the Committee, 6 were allowed and 14 were dismissed.

**Committee on Appeals on Academic Standing**

As required under Section 39(a) of the *Rules & Procedures of Senate*, Committee Chair Dr. Yaworsky delivered the annual report on Committee activities.

Since the previous report to Senate in May 2008, 10 appeals had proceeded to Committee hearings, of which three were allowed, six were dismissed and one was in process.

In addition to the nine appeals concluded, the Committee has been advised that in the past year an additional 14 appeals were presented to the Registrar, of which three were
resolved prior to a Committee Hearing; four were dismissed by the Registrar due to lack of timely prosecution; and seven were in progress and were expected to be heard by the Committee in the upcoming months. The Committee’s report contained a non-identifying summary of the disposition of each appeal.

Dr. Yaworsky thanked the members of the Committee and the secretariat for their hard work.

**Curriculum Committee**

*See also ‘Appendix A: Curriculum Summary.’*

Committee Chair Dr. Marshall delivered the report.

> Dr. Marshall
> Mr. Johal

> **That the curriculum proposals brought forward by the Faculties of Arts, Commerce & Business Administration, Graduate Studies (Arts, Commerce & Business Administration, Dentistry, and Education), Law; and the College of Health Disciplines be approved.**

**DISCUSSION**

Dr. Marshall drew attention to the proposed Writing and Research Requirement from the Faculty of Arts, commending the Faculty for its thoughtful process in developing this new requirement.

In response to questions about African Studies from a Student Senator, Mr. Eaton stated that there had not been direct consultation with the Africa Awareness student initiative. Although there was an existing African Studies minor in the Bachelor of Arts, he was uncertain about plans to develop a major in that area.
In response to questions from Dr. Knight about the minor in Law and Society, Ms. Young stated that teaching of the lead course, LASO 200, would alternate between instructors from sociology and law. The course was not intended for students in the Faculty of Law. Dr.’s Marshall and Young confirmed that the Faculty of Law had been involved in the development of the new minor by the Faculty of Arts.

Joint Reports from the Curriculum Committee and the Admissions Committee

Please see also ‘Appendix A: Curriculum Summary.’

Curriculum Committee Chair Dr. Marshall presented the reports.

MASTER OF ENGINEERING IN CLEAN ENERGY ENGINEERING

Dr. Marshall
Mr. Wazeer

That Senate approve the Master of Engineering in Clean Energy Engineering (M.Eng. (Clean Energy Engineering)) program and its associated courses as set out in the attached report.

DISCUSSION

Dr. Marshall noted that, should Senate approve a new program, subsequent approvals by the Board of Governors and the Minister of Advanced Education and Labour Market Development would also be required. In response to a question from Mr. Wazeer, Dr. Marshall stated that, although these subsequent approvals were usually obtained as expected, it was necessary to respect approval protocols. As part of the government approval process, other institutions in the province were asked to comment on new programs.
At the request of Dr. Marshall, the assembly recognized Dr. David Wilkinson, Professor, Chemical and Biological Engineering. Dr. Wilkinson gave a brief overview of the new program as an exciting contribution from UBC to the field of clean energy. Significant activity had been underway at UBC for some time, but the new program was intended to provide a critical focal point. Dr. Wilkinson anticipated high student demand for the program.

The motion was put and carried.

**GRADUATE PROGRAMS IN CRANIOFACIAL SCIENCE**

**Dr. Marshall  Mr. Heisler**

That Senate approve the new and changed Graduate Programs in Dentistry and Craniofacial Science as set out in the attached report.

Carried.

**Nominating Committee**

Committee Chair Dr. Windsor-Liscombe delivered the reports.

**CULTURE OF SERVICE STATUS REPORT**

The Committee had circulated a progress report on the Committee’s work in response to the January 2009 referral to the Nominating Committee on UBC’s “culture of service.”

**Dr. Windsor-Liscombe  Mr. Leung**

That the report of the Nominating Committee on “Culture of Service: Status Report” be received;

and;

That the Nominating Committee be permitted to report back at the November 2009 meeting of Senate in lieu of the May 2009 meeting specified by Senate.

Carried.
STUDENT SENATOR ASSIGNMENTS TO SENATE COMMITTEES AND TO THE COUNCIL OF SENATES

The Committee had circulated a list of recommended assignments of Student Senators to the Committees of Senate.

Dr. Windsor-Liscombe  Mr. Costeloe  

That Senate appoint student senators to the Committees of Senate as recommended by the Nominating Committee, for terms ending March 31, 2010 and thereafter until replaced.

AMENDMENT

The recommendations were amended by consent to add the assignment of Mr. Avneet Johal to fill vacancies on the Curriculum and Library Committees.

Dr. Windsor-Liscombe  Mr. Costeloe

That Senate elect Mr. Sean Heisler and Mr. Dipen Thakrar to the Council of Senates.

The motion was put and carried.

Carried.

Committee on Student Appeals on Academic Discipline

ANNUAL REPORT ON COMMITTEE ACTIVITIES

Committee member Dr. Dennison delivered the annual report on Committee activities for the 2008/2009 academic year. During the period from May 1, 2008 and April 30, 2009, the Senate Committee had heard six appeals involving students disciplined by the President on the recommendation of the President’s Advisory Committee on Student Discipline. Of these, four appeals had been allowed, in whole or in part, and two had been dismissed. The Committee had circulated for information a non-identifying summary of each case.
**Student Awards Committee**

Committee Chair Dr. Stelck delivered the report.

**NEW AWARDS**

*Please see also ‘Appendix B: New Awards.’*

Dr. Stelck asked that the Minutes record Senate’s appreciation for the work of Mr. Dan Worsley, Associate Director, Awards in the Development Office, in preparing many new awards for approval. Mr. Worsley was to retire in June 2009 after 30 years of service to the University.

\[
\text{Dr. Stelck} \quad \text{Mr. Johal}
\]

That the awards listed be accepted and forwarded to the Board of Governors for approval, and that letters of thanks be sent to the donors.

Carried.

**POLICY ON CREDIT/D/FAIL STANDING**

Recalling the March 2009 Senate approval of the Policy on Credit/D/Fail Standing, Dr. Stelck reported that implementation of the policy would have implications for student awards. The Student Awards Committee planned to consult with the Teaching and Learning Committee before making recommendations to Senate.

**Tributes Committee**

Committee Chair Dr. Thorne presented the reports.
CANDIDATES FOR EMERITUS STATUS

Carried.

REGALIA COLOURS

The Committee had circulated the following recommendations for regalia, i.e., hood, colours:

1. Bachelor of Computer Science [B.C.S.] – Light blue with grey and green cord
2. Bachelor of Science in Wood Products Processing [B.Sc. (W.P.P.)] – Brown with yellow cord
3. Master of Laws (Common Law) [L.L.M. (Com.)] – Fully lined amethyst violet with white cord
5. Master of Journalism [M.J.] – Fully lined University blue with black and white cord
6. Master of Applied Science in Forest Sciences [M.A.Sc. (For.)] – Fully lined scarlet
7. Master of Management [M.M.] – Fully lined grey with black and gold cord
8. Executive Master of Business Administration [E.M.B.A.] – Fully lined grey with black and red cord
10. Master of Educational Technology [M.E.T.] – Fully lined white with University blue and yellow cord
PROCEDURES FOR GRANTING HONORARY DEGREES

The Committee had circulated for information a memorandum outlining discussions to date about the possibility of collaboration on the selection of candidates for honorary degrees with the Okanagan Senate Learning & Research Committee.

Dr. Thorne noted that the annual nominations period would soon open and that a revised nomination form would be made available. Senators were encouraged to nominate worthy individuals from all walks of life. Procedures had been simplified to reduce the documentation required from the nominator, particularly for very prominent nominees. Prof. Toope thanked Dr. Thorne for championing this collaboration with UBC Okanagan and encouraged Senators to nominate.

Adjournment

There being no further business, the meeting was adjourned. The following regular meeting of the Senate was scheduled for Wednesday, September 16, 2009.

APPENDIX B: NEW AWARDS

Frank S. ABBOTT Scholarship: Scholarships totalling $700 have been endowed by alumni and friends of Frank S. Abbott, former Dean of the Faculty of Pharmaceutical Sciences, for undergraduate students in the Faculty. The awards are made on the recommendation of the Faculty of Pharmaceutical Sciences. (First awards available for the 2009/10 Winter Session)

Rashida ALI Award in Dentistry: A $1,000 award is offered by Dr. Asef Karim (B.Sc. 1993, D.M.D. 1999) in honour of his aunt, Ms. Rashida Ali, to a student who demonstrates leadership skills and excellence in the Professionalism and Community Service Program (PACS) in the Faculty of Dentistry. The award is made on the recommendation of the Faculty. (First award available for the 2009/10 Winter Session)

ASSOCIATION of Women in Finance Scholarship in Law: A $1,500 scholarship is offered by the Association of Women in Finance, an organization that encourages and supports women in the financial profession, to an outstanding student enrolled in the Business Law Concentration in the J.D. Program. The award is made on the recommendation of the Faculty of Law. (First award available for the 2009/10 Winter Session)

Andreas BAUR Shoppers Drug Mart Outreach Award: A $700 award has been endowed by the Shoppers Drug Mart Life Foundation and by friends, family and colleagues in memory of Andreas Josef Baur (B.Sc.P. 2008) for students in the Bachelor of Pharmaceutical Sciences Program who have demonstrated an interest in and commitment to working in communities which are underserved by health care professions, including those in developing countries, northern and rural Canada, and inner city neighbourhoods. The youngest of four children, Andreas Baur grew up in a rural farming community in Quesnel, B.C. Throughout Andreas' years he gave himself selflessly and made a commitment to making a difference in the world. He will always be remembered as a caring, humorous, well grounded young man willing to do his share in making the world a better place. Andreas spent his summers throughout school volunteering in Africa and it was a life-changing experience for him. It gave him a new sense of self, purpose and a new understanding of the human experience. To be eligible for the award, candidates must have undertaken their international travel or volunteer activity within the year prior to the award being given out and have demonstrated their volunteer outcomes as required by the Faculty of Pharmaceutical Sciences. The award is made on the recommendation of the Faculty. (First award available for the 2009/10 Winter Session)

Charlotte BORGEN Memorial Scholarship: Scholarships totalling $1,700 have been endowed through a bequest from Charlotte Borgen for students entering the third year of the M.D. Program. The awards are made on the recommendation of the Faculty of Medicine. (First awards available for the 2009/10 Winter Session)

BRITISH Columbia Food Technologists Graduate Student Award: A $1,000 award is offered by the British Columbia Food Technologists for an outstanding graduate student in Food Science. The award recognizes a student who has demonstrated a high level of academic achievement, research excellence, commitment to teaching and mentoring, and
a commitment to the ideals of the profession. In addition to the cash prize, the award
includes a one-year membership in the Canadian Institute of Food Science and Technol-
ogy. The award is made on the recommendation of an ad-hoc committee of Food Science
faculty members in consultation with the Faculty of Graduate Studies. (First awards
available for the 2009/10 Winter Session) (First award available for the 2009/10 Winter
Session)

NOTE: In addition to supporting the annual award, the donors are building an endow-
ment fund with the intent that it will, in due course, provide the award in perpetuity
through endowment income.

Chris CLARK Bursary in Dentistry: A $1,000 bursary is offered by UBC Dentistry in
honour of Professor Emeritus, Dr. Chris Clark, whose extraordinary dedication to teach-
ing and research has been instrumental in the continued success and mission of UBC
Dentistry. (First award available for the 2009/10 Winter Session)

Kenneth H. CROOK Memorial Scholarship in Law: A $2,500 scholarship is offered by
Alexander Holburn Beaudin & Lang LLP in memory of their esteemed colleague and
friend, Kenneth H. Crook. Ken's commitment to excellence in his practice and his display
of courage and compassion throughout life's challenges were an inspiration to all those
who knew him. The award is made on the recommendation of the Faculty of Law to a
student entering the second year of the J.D. Program with high academic standing. (First
award available for the 2009/10 Winter Session)

David DONALDSON Bursary in Dentistry: A $1,000 bursary is offered by UBC Den-
tistry in honour of Professor Emeritus, Dr. David Donaldson, whose extraordinary dedi-
cation to teaching and research has been instrumental in the continued success and
mission of UBC Dentistry. (First award available for the 2009/10 Winter Session)

Charlotte Douglas FEE Graduate Award: A $1,000 award is offered, in memory of Char-
lotte Douglas Fee, to a graduate student at the UBC Centre for Women and Gender Stud-
ies. The award is made on the recommendation of the CWAG's Advisory Board in
consultation with the Faculty of Graduate Studies. (First award available for the 2009/10
Winter Session)

Dr. and Mrs. Victor FENYO Scholarship: A $525 scholarship has been endowed through
a bequest by Kathleen Katalin Schaffer for a student in the M.D. Program. The award is
made on the recommendation of the Faculty of Medicine. (First award available for the
2010/11 Winter Session)

Joseph and Joyce GARDNER Scholarship in Forestry: A $700 scholarship has been
endowed by colleagues and friends in honour of Dr. Joseph Gardner, Dean of Forestry
from 1965 to 1983, and his wife, Mrs. Joyce Gardner, for an outstanding undergraduate
student in the Faculty of Forestry. The award is made on the recommendation of the Fac-
ulty. (First award available for the 2009/10 Winter Session)

GENETIC Counselling Graduate Entrance Scholarship: Two scholarships of $500 each
are offered to graduate students pursuing a Master of Science in Genetic Counselling.
Appendix B: New Awards, continued

The awards are made on the recommendation of the Department of Medical Genetics in consultation with the Faculty of Graduate Studies. (First award available for the 2009/10 Winter Session)

Dr. Dimitrios GIANNOULIS Memorial Prize for Overseas Rotation Research Project in Anesthesia: Prizes totalling $3,400 have been endowed by family, friends and colleagues in the Department of Anesthesia, Vancouver Acute Health Services (VGH and UBCH) in memory of Dr. Dimitrios Giannoulis for UBC Anesthesia Residents in Training, in support of overseas travel to provide educational and clinical services or to complete a research project abroad. Dr. Giannoulis brought expertise, energy and enthusiasm to his anesthetic practice at Vancouver Acute as well as to the advancement of the study of anesthesiology at UBC. His tenure as Director of Anesthesia Undergraduate Training had a significant impact on many UBC medical students and their decision to pursue specialty training in anesthesia. In 2004, Dr. Giannoulis completed post-fellowship training in ultra-sound guided regional anesthesia at the Toronto Western Hospital. He played a key role in establishing the Division of Regional Anesthesia at Vancouver Acute Health Services, becoming the first head of that division. Dr. Giannoulis passed at the young age of 38 on March 23, 2008 and he will be greatly missed by all who knew him; he was a man whose presence brightened a room and made all things seem possible. The award is made on the recommendation of the Department of Anesthesia, Pharmacology and Therapeutics in consultation with the Faculty of Medicine. (First awards available for the 2009/10 Winter Session)

Dr. Dimitrios GIANNOULIS Memorial Prize in Regional Anesthesia: Prizes totalling $3,400 have been endowed by family, friends and colleagues in the Department of Anesthesia, Vancouver Acute Health Services (VGH and UBCH) in memory of Dr. Dimitrios Giannoulis for UBC Anesthesia Residents in Training, who have demonstrated outstanding performance, innovation, compassionate patient care and excelled in the study of regional anesthesia during their residency at UBC. Dr. Giannoulis brought expertise, energy and enthusiasm to his anesthetic practice at Vancouver Acute as well as to the advancement of the study of anesthesiology at UBC. His tenure as Director of Anesthesia Undergraduate Training had a significant impact on many UBC medical students and their decision to pursue specialty training in anesthesia. In 2004, Dr. Giannoulis completed post-fellowship training in ultra-sound guided regional anesthesia at the Toronto Western Hospital. He played a key role in establishing the Division of Regional Anesthesia at Vancouver Acute Health Services, becoming the first head of that division. Dr. Giannoulis passed at the young age of 38 on March 23, 2008 and he will be greatly missed by all who knew him; he was a man whose presence brightened a room and made all things seem possible. The award is made on the recommendation of the Department of Anesthesia, Pharmacology and Therapeutics in consultation with the Faculty of Medicine. (First awards available for the 2009/10 Winter Session)

John R. GRACE Graduate Scholarship in Chemical and Biological Engineering: An $850 scholarship has been endowed in honour of Dr. John R. Grace by his wife, Dr. Sherrill E. Grace, for graduate students in Chemical and Biological Engineering who demonstrate
academic excellence and potential for service to society by performing research on energy, the environment, and/or multi-phase systems. The award is made on the recommendation of the Department of Chemical and Biological Engineering in consultation with the Faculty of Graduate Studies. (First award available for the 2010/11 Winter Session)

Sherrill E. GRACE Graduate Scholarship in English: An $850 scholarship has been endowed in honour of Dr. Sherrill E. Grace by her husband, Dr. John R. Grace, for graduate students in the Department of English who are conducting original research in the literary and/or cultural study of Canada that promises to advance understanding of the country and has potential for publication. The award is made on the recommendation of the Department of English in consultation with the Faculty of Graduate Studies. (First award available for the 2010/11 Winter Session)

GRADUATING Class of Law 1988 Vince Bjorndahl Bursary: Bursaries totalling $700 have been endowed by the Graduating Class of Law 1988 in memory of classmate, Vincent Bjorndahl, who passed away in 2006 at the age of 43 after a courageous two year struggle with bone cancer. Vince was the Class of 1988's gold medalist and, after graduation, practiced in Vancouver and then Calgary, fashioning a distinguished career in tax law. Vince will be especially remembered by his classmates, colleagues and friends for his positive outlook and love of people, his integrity, his mastery of the law, his strong faith, his devotion to family, his sense of adventure and his love of life, all of which he fully embraced to the very end. The awards are made to law students demonstrating financial need. (First awards available for the 2009/10 Winter Session)

Katherine HUME Scholarship in Animal Welfare: A $2,500 scholarship is offered to a graduate student in the Animal Welfare Program by Katherine Hume. Ms. Hume, a former UBC Employee, is inspired by the work of the Program and is pleased to support students who are improving the lives of animals. The scholarship is awarded on the recommendation of the Faculty of Land and Food Systems in consultation with the Faculty of Graduate Studies. (First award available for the 2009/10 Winter Session)

INTERNATIONAL Tuition Award in Education (12-Month Option): Awards in the amount of $5,000 each are offered by the Faculty of Education to international undergraduate students enrolled in the 12-Month Option of the Bachelor of Education Program. The awards are made on the recommendation of the Faculty. (First awards available for the 2009/10 Winter Session)

INTERNATIONAL Tuition Award in Education (Two-Year Option): Awards in the amount of $4,000 each are offered by the Faculty of Education to international undergraduate students enrolled in the Two-Year Option of the Bachelor of Education Program. The awards are renewable in the second year and are made on the recommendation of the Faculty. (First awards available for the 2009/10 Winter Session)

Philip W. LEONG Scholarship: A $1,000 scholarship has been endowed by Dr. Philip Leong (M.D. 1973) for a student in the M.D. Program at The University of British Columbia for outstanding academic and clinical achievement as determined by the Faculty.
ulty of Medicine. The award is made on the recommendation of the Faculty. (First award available for the 2009/10 Winter Session)

M. Gail MACDONALD Memorial Bursary in Medicine: A $1,500 bursary is offered in memory of M. Gail MacDonald, who was a lawyer with Canadian Pacific Legal Services. The bursary is offered to a student in the Doctor of Medicine (M.D.) Program who demonstrates financial need. (First award available for the 2009/10 Winter Session)

Cheryl L. OLMA Memorial Bursary in Pharmaceutical Sciences: Bursaries totalling $700 have been endowed by family and friends in memory of Cheryl L. Olma (1944-2008) for undergraduate students in the Faculty of Pharmaceutical Sciences. Cheryl graduated from the Faculty of Pharmacy at The University of British Columbia in 1967 and practiced for over forty years, primarily at Peace Arch Hospital. She was a proactive problem solver, stayed current with her constantly changing profession and was a responsible, conscientious role model whom others admired and respected. (First awards available for the 2009/10 Winter Session)

Freda PAGANI Scholarship in Sustainability: Scholarships totalling $700 have been endowed by family and friends in honour of Freda Pagani for graduate students in Resource Management and Environmental Studies (RMES). As founder and director of the Sustainability Office at UBC, Freda helped to develop green building guidelines for campus facilities, initiated an energy management program, created the UBC Social, Ecological, Economic, Development Studies Program (SEEDS), and developed a community energy and water plan. In addition, Freda led the creation of the University's first ecologically friendly building, the C.K. Choi Building. The award is made on the recommendation of the College of Interdisciplinary Studies in consultation with the Faculty of Graduate Studies. (First awards available for the 2009/10 Winter Session)

Grace PALOMAR Memorial Scholarship: A $700 scholarship has been endowed by friends and family in memory of Grace Palomar for a student entering the Master of Architecture Program with high academic standing and a high potential for success. During her time in the Architecture Program, Grace made a significant impact on faculty, students and staff with her academic achievement, generous spirit, and quiet, thoughtful leadership. The award is made on the recommendation of the School of Architecture and Landscape Architecture in consultation with the Faculty of Graduate Studies. (First award available for the 2009/10 Winter Session)

PIBC Graduate Scholarship in Planning: A $3,000 scholarship is offered by the Planning Institute of British Columbia to a student who maintains high academic standing in Community and Regional Planning and exhibits leadership skills in student or community planning activities. The award is made on the recommendation of the School in consultation with the Faculty of Graduate Studies. (First award available for the 2009/10 Winter Session)

Martin SIKES Memorial Scholarship in Electrical and Computer Engineering: Scholarships totalling $750 have been endowed by family, friends and colleagues in memory of Martin Sikes (1968-2007) for Electrical and Computer Engineering undergraduate stu-
dents. At UBC, Martin was involved in multiple extra-curricular activities, including presidency of the Electrical Engineering Student Union club and being a mover and shaker in numerous harmless pranks. After graduation, he went on to be highly successful in the video games industry as both a businessman and a developer of world-renowned games. The awards are made on the recommendation of the Department of Electrical and Computer Engineering. (First awards available for the 2009/10 Winter Session)

Martin SIKES Memorial Service Award in Electrical and Computer Engineering: Awards totalling $1,000 have been endowed by family, friends and colleagues in memory of Martin Sikes (1968-2007) for Electrical and Computer Engineering undergraduate students with good academic standing at the University who have demonstrated leadership through active involvement in professional societies, student government, and/or campus and community activities. At UBC, Martin was involved in multiple extra-curricular activities, including presidency of the Electrical Engineering Student Union club and being a mover and shaker in numerous harmless pranks. After graduation, he went on to be highly successful in the video games industry as both a businessman and a developer of world-renowned games. The awards are made on the recommendation of the Department of Electrical and Computer Engineering. (First awards available for the 2009/10 Winter Session)

Previously-Approved Awards With Changes in Terms or Funding Source:

Award 07976 - University Publishers Award in Engineering (revised description): A $1,000 award is offered by University Publishers to assist an Engineering student. The award is made on the basis of student leadership and participation in the activities of the Engineering Undergraduate Society. The award is made on recommendation of the Faculty of Applied Science in consultation with the Engineering Undergraduate Society. The financial circumstances of candidates may be a consideration.

How amended: This annually-funded award was previously a scholarship based on academic standing as well as participation in the EUS. The donor now wants to focus the criteria on student leadership and participation rather than on academic achievement.

Award 02753 - University Publishers Award in Law (revised description): A $1,000 award is offered by University Publishers to assist a student in the Faculty of Law. The award is made on the basis of student leadership and participation in the activities of the Law Students Association. The award is made on recommendation of the Faculty in consultation with the Law Students Association. The financial circumstances of candidates may be a consideration.

How amended: This annually-funded award was previously a scholarship based on academic standing as well as participation in the Law Students Association. The donor now wants to focus the criteria on student leadership and participation rather than on academic achievement.
Award 04836 - WAH-SHEUNG Prize in Physiology (revised description) - Up to two prizes totalling $550 have been endowed for graduate students who exhibit the best combination of academic achievement and research potential. To be eligible, students must have obtained an undergraduate degree offered by the Department of Cellular and Physiological Sciences (CAPS) and be enrolled in Graduate Studies under the supervision of a faculty member in CAPS. The award is made on the recommendation of the Department of Cellular and Physiological Sciences in consultation with the Faculty of Graduate Studies.

How amended: The prize was originally designated for graduate students in the Department of Physiology. However, the Physiology Program is currently not being offered at UBC and there is no graduate program in Cellular and Physiological Sciences. As a result, there are no candidates eligible for the award under its original terms. The revisions to the description will make it possible to offer the award again.
APPENDIX C: EMERITUS STATUS

FACULTY MEMBERS APPROVED FOR EMERITA/EMERITUS STATUS

EFFECTIVE JUNE 30, 2009

Berinbaum, Martin C.: Professor Emeritus of Music
Blatherwick, John: Clinical Professor Emeritus of Population and Public Health
Campbell, Larry, General Librarian Emeritus
Carr, Derek C., Associate Professor Emeritus of French, Hispanic and Italian Studies

Shackleton, David M.: Professor Emeritus of Agroecology
Sinclair, Anthony R.E.: Professor Emeritus of Zoology
Sept. 4, 2009

To: Vancouver Senate
From: Admissions Committee
Re: Changes in Admission Requirements (Bachelor of Fine Arts, Graduate Programs in Language and Literacy Education, Doctor of Medicine and Master of Science – Audiology and Speech Sciences) (approval)

a) Changes in Admission Requirements – Bachelor of Fine Arts (approval)(circulated)

The Admissions Committee has reviewed and recommends to Senate for approval the revised calendar entry on admission requirements for applicants to the Bachelor of Fine Arts program. The current process for admission requires application for admission via the Enrolment Services ‘Change of Degree Program/Campus’ process. The proposed revisions would allow current UBC Vancouver students to apply directly to the appropriate department within the Faculty of Arts and eliminate the need for an application and application fee.

Motion: That Senate approve the revised calendar entry on admission requirements for applicants to the Bachelor of Fine Arts program, effective for entry to the 2010 Winter Session and thereafter.

b) Changes in Admission Requirements – Graduate Programs in Language and Literacy Education (Faculty of Graduate Studies) –(approval)(circulated)

The Admissions Committee has reviewed and recommends to Senate for approval the revised calendar entry on admission requirements for applicants to the Faculty of Graduate Studies. Applicants to graduate programs in Language and Literacy Education must meet a minimum internet-based TOEFL score of 92, with a minimum score of 22 in each exam component, to be eligible for admission.

Motion: That Senate approve the proposed changes to admission requirements for applicants to graduate programs in Language and Literacy Education, effective for entry to the 2010 Winter Session and thereafter.

c) Changes in Admission Requirements – Doctor of Medicine (approval)(circulated)

The Admissions Committee has reviewed and recommends to Senate for approval the proposed changes in admission requirements for applicants to the Doctor of Medicine program. The proposed changes clarify the placement process for successful applicants under the distributed medical education program.

Motion: That Senate approve the proposed changes to admission requirements for applicants to the Doctor of Medicine program, effective for entry to the 2010 Winter Session and thereafter.
d) Changes in Admission Requirements—Master of Science in Audiology

The Admissions Committee has reviewed and recommends to Senate for approval the proposed changes in admission requirements for applicants to the Master of Science program in Audiology. The proposed changes clarify additional course content areas for applicants to the Audiology program and revise the deadline for submission of the application and supporting documentation.

Motion: That Senate approve the proposed changes to admission requirements for applicants to the Master of Science program in Audiology, effective for entry to the 2010 Winter Session and thereafter.

Respectfully submitted,

Dr. David Fielding
Chair, Admissions Committee
## Proposed Calendar Entry:

### Admission

The Bachelor of Fine Arts is offered in Creative Writing, Film Production, Theatre, and Visual Art. Within the Theatre B.F.A. are two distinct programs of study: Acting and Design and Production.

Students may enter a B.F.A. program from the Faculty of Arts or as transfer students from another post-secondary institution.

Transfer applicants must apply for admission through Undergraduate Admissions. See Admissions.应用程序要以calendar page on college and university transfer at [http://www.students.ubc.ca/calendar/index.cfm?tree=2,25,0,0]>

UBC Vancouver students currently registered in the Bachelor of Arts program who wish to pursue a B.F.A. program must contact the department directly by the deadline specified in the appropriate departmental calendar entry. Students complete either a portfolio or an audition and provide additional information to the department for their consideration.

Students must meet the criteria of the department to be admitted to the B.F.A.

## Present Calendar Entry:

### Admission

See Arts Admission.

### Academic Regulations

See Arts Academic Regulations.

### Faculty and Program Requirements

The Bachelor of Fine Arts is offered in Creative Writing, Film Production, and Theatre. Within the B.F.A. are two distinct programs of study: Acting and Design (and Production), and Visual Art.

Students may enter a B.F.A. program from the Faculty of Arts or as transfer students from another post-secondary institution. In all cases, students must complete the Arts English requirement, language requirement, science requirement, and literature requirement. See Degree Requirements.

Application procedures and deadlines for each of the Bachelor of Fine Arts programs are specified in the appropriate departmental entries.
major of their choice, but meeting the criteria does not in itself ensure admission to the B.F.A. major.

Academic Regulations

See Arts Academic Regulations.

Faculty and Program Requirements

Except as noted below, all academic regulations and Faculty and program requirements applicable to the Bachelor of Arts also apply to B.F.A. Students in, or intending to enter, a B.F.A. program should familiarize themselves with, and follow, the requirements in this chapter.

Bachelor of Fine Arts programs require that certain prerequisites be completed in the first 30 and first 60 credits of the student’s post-secondary program; these are specified in the appropriate departmental entries.

### Type of Action:

Amend the Internet-based TOEFL scores for our programs from 80 to 92 and indicate 22 as a part score for each component.

### Rationale:

The change better reflects current admission practices and policies in the Department. Students with a TOEFL score of 80 or part scores of less than 22 have not been able to cope with the coursework in our graduate program.

Our graduate program serves local and international English language teaching professionals; we therefore expect high levels of English proficiency of current and future leaders in this area. In addition, the oral and written coursework, major paper, and thesis demands require a higher level of proficiency than represented by our earlier requirement. The previous scores were considered by TOEFL to represent "fair" or "intermediate" language proficiency (not "good" or "high" levels) and language assessment experts as well as peer programs nationally (e.g., OISE/U of T) and internationally recommend higher minimum scores for successful graduate study in English language education. According to ETS (TOEFL developer), part scores for Reading and Listening under 22 represent "intermediate" level proficiency; 22 and over is "high". For Speaking part scores, 18-25 is "Fair" and 26+ is "Good"; for Writing 17-23 is "Fair" and 24+ is "Good". Therefore, a score of 22 across each of the part scores represents only a modest increase in our admission requirements.

### Proposed Calendar Entry:

**Selection Process**

The entering class for this coming September is limited to 256 full-time students. The number of qualified applicants significantly exceeds the number of available positions. Therefore, not every qualified applicant will be offered admission. Admission is based on a selection process which strives to enroll the most highly qualified applicants who will be evaluated on the following criteria:

1. Three academic evaluations are calculated:
   a. overall academic average, based on all university-level courses attempted (including summer courses and graduate courses with grades, if applicable)
   b. most recent 60 credits average (note: the number of credits used may vary for some applicants)
   c. prerequisite average

2. The evaluation of non-academic criteria is based on the following:
   a. a non-academic autobiographical essay submitted by the applicant
   b. additional essay by Aboriginal (First Nations, Métis, or Inuit)

### Present Calendar Entry:

**Selection Process**

The entering class for this coming September is limited to 256 full-time students. The number of qualified applicants significantly exceeds the number of available positions. Therefore, not every qualified applicant will be offered admission. Admission is based on a selection process which strives to enroll the most highly qualified applicants who will be evaluated on the following criteria:

1. Three academic evaluations are calculated:
   a. overall academic average, based on all university-level courses attempted (including summer courses and graduate courses with grades, if applicable)
   b. most recent 60 credits average (note: the number of credits used may vary for some applicants)
   c. prerequisite average

2. The evaluation of non-academic criteria is based on the following:
   a. a non-academic autobiographical essay submitted by the applicant
   b. additional essay by Aboriginal (First Nations, Métis, or Inuit)
The interview is a critical component of the admission process. The interview process follows the Multiple Mini-Interview (MMI) model. Applicants selected for an interview will be contacted by the admissions office and will also be asked to submit their reference letters. The interview dates are usually scheduled for the middle of February and the beginning of March.

The selection of candidates for admission to the distributed M.D. undergraduate program is governed by guidelines established by the Admissions Policy Committee and approved by the Senate of UBC. The selection process reflects the values of the UBC Faculty of Medicine and all university partners in the UBC distributed M.D. undergraduate program. The process is designed to choose well-rounded students from a variety of backgrounds who meet the goals of the expanded, distributed program; who can be expected to perform well in the rigorous curriculum and problem-based learning format; and who can balance and enrich their academic experience with strong non-academic skills and interests.

The UBC Faculty of Medicine’s Associate Dean of Equity oversees the selection process to ensure that all applicants are given careful consideration without regard to age, gender, race, religion, sexual orientation, marital, or economic status. The Admissions Selection
Committee reviews and discusses all interviewed applicants. At present, admission is limited to Canadian citizens and permanent residents of Canada. A maximum of twelve positions may be made available to out-of-province applicants in the medical program each year. In completing the online application, candidates will provide information to help determine their suitability for the Northern Medical Program.

The applicant will have the opportunity to indicate their site preferences **after getting an interview offer**. Members of the Admissions Selection Committee are not aware of an applicant’s site preference during the selection discussions. Following an admissions decision, applicants are allocated to sites based on their preferences. The **first site** choice is given priority, unless the available positions at that site have been filled, in which case he/she would be wait-listed for their preferred site if applicable.

<table>
<thead>
<tr>
<th>Rationale:</th>
</tr>
</thead>
<tbody>
<tr>
<td>- Most applicants get their first preference or second preference.</td>
</tr>
<tr>
<td>- Very few applicants get their third preference.</td>
</tr>
<tr>
<td>- Increasing number of first preference over the past few years.</td>
</tr>
<tr>
<td>- Very few applicants select no preference.</td>
</tr>
</tbody>
</table>
Proposed Calendar Entry:
The M.Sc. program is designed for students who wish to combine rigorous scholarship with challenging professional practice in either Speech-Language Pathology or Audiology. Admission is on a competitive basis. Applicants must meet the Faculty of Graduate Studies’ minimum requirements, i.e., a cumulative average of at least 76% over the last two years of a four-year undergraduate degree, or at least 12 credits with a minimum grade of 80% in courses at the 300-level or above. Additionally, the School requires applicants to have appropriate undergraduate preparation as defined below.

Additional Content Areas Recommended for Audiology Applicants

For students who plan to specialize in Audiology, further undergraduate preparation could include additional coursework in the social and life sciences, e.g. acoustic phonetics, adulthood and aging, biology, brain and behaviour, cognitive psychology, additional developmental psychology, additional sensory psychology, neurosciences, counselling, discourse, language acquisition, phonology, syntax, and statistics.

The Application Process

Persons interested in applying to the School's M.Sc. program should visit: www.audiospeech.ubc.ca. Applicants should apply online. The School reviews applications at two points, late January and early March. Applicants who wish to be
<table>

Sept. 4, 2009

To: Vancouver Senate
From: Admissions Committee

Re: Academic Leave (approval)
Calendar Change on Admission (Applicants Following the BC/Yukon Secondary School Curriculum) (approval)
Calendar Change on Admission (Applicants from a College or University) (approval)
Routing of Admission Appeals (information)

---

e) Academic Leave (approval)(circulated)

The Admissions Committee has reviewed and recommends to Senate for approval the revised calendar entry on Academic Leave. Students in good academic standing may take an academic leave of up to one year and maintain eligibility to register in the following Winter Session. For example, a student in good academic standing after completing the 2008/2009 Winter Session would automatically be eligible to register for the 2009 Summer, 2009/2010 Winter, 2010 Summer and 2010/2011 Winter sessions.

Motion: That Senate approve the revised calendar entry on Academic Leave.

f) Calendar Change on Admission – Applicants Following the BC/Yukon Secondary School Curriculum (approval)(circulated)

The Admissions Committee has reviewed and recommends to Senate for approval the revised calendar entry on Applicants Following the BC/Yukon Secondary School Curriculum. Applicants can satisfy the Grade 11 mathematics admission requirement by completing Principles of Mathematics 11, Pre-Calculus 11 or Foundations of Mathematics 12.

Motion: That Senate approve the proposed changes to admission requirements for applicants following the BC/Yukon secondary school curriculum, effective for entry to the 2013 Winter Session and thereafter.

g) Calendar Change on Admission – Applicants from a College or University (approval)(circulated)

The Admissions Committee has reviewed and recommends to Senate for approval the revised calendar entry on Applicants from a College or University. Applicants with unsatisfactory standing, as designated by a prior post-secondary institution, within their most recently attempted 24-30 UBC-transferable credits will be reviewed on a case-by-case basis and may not be admissible.

Motion: That Senate approve the revised calendar entry on Applicants from a College or University.
h) Routing of Admission Appeals (information)(circulated)

The Admissions Committee presents for information a document outlining the process for adjudication of admission appeals. The Vancouver Senate has delegated to the Committee the authority to review and rule on appeals related to admission, re-admission and transfer to the University.

The attached document outlines undergraduate admission policies applicable to three main applicant groups; applicants from secondary school, post-secondary transfer students and current UBC students who wish to transfer faculty or program. Applicants refused admission to the University on the basis of the policies outlined in the document may appeal the refusal to the Committee. The Committee has reviewed the applicable admission policies for each applicant group and determined which appeals must be adjudicated by the Committee and which can be referred to a Dean (or designate) for decision. Generally, appeals requiring the waiver of a University minimum admission requirement are adjudicated by the Committee. Appeals requiring the waiver of a program/faculty admission requirement, i.e., a competitive average for admission to a program, may be referred to a Dean (or designate) for decision. A negative decision by the Dean may then be appealed to the Committee as a whole.

Respectfully submitted,

Dr. David Fielding
Chair, Admissions Committee

the policy on academic leave
<<hyperlink to the page on academic leave, above>> for more information.

Students who have previously attended UBC and who are no longer automatically eligible to register <<note, hyperlink has been removed>> may apply for readmission online at the Student Service Centre. There is a non-refundable $60.00 application fee for all readmission applications. To qualify for readmission, students who are not eligible for academic leave and who have attended another post-secondary institution since last attending UBC will be required to submit transcripts for assessment.

Please see the website on readmission and academic leave for more information.

UBC and who are no longer automatically eligible to register may apply for readmission online at the Student Service Centre. There is a non-refundable $60.00 application fee for all readmission applications. Students who have attended any post-secondary institution(s) since last in attendance at UBC will be required to submit a transcript(s) and must qualify for readmission. Please see readmission and academic leave for more information.

Type of Action:
- Clarify original intent of policy and language regarding automatic eligibility to register for undergraduate programs, including an example.
- Revised calendar entry also provides information about Letter of Permission, should a student wish to take courses elsewhere while on Academic Leave.

¹ Or approved equivalent International Baccalaureate, Advanced Placement, or Post-secondary course. See the table Specific Program Requirements for Applicants Following the BC/Yukon Secondary School Curriculum and the sections titled Advanced Placement and International Baccalaureate Courses Approved to Satisfy Pre-requisites and Post-Secondary Course Credits that Count Toward High School Graduation.

² See the table Specific Program Requirements for Applicants following the BC/Yukon Secondary School Curriculum for programs requiring two Science courses at the Grade 11 level.

³ A beginner's Language 11 does not satisfy this requirement.

The admission average will be calculated on English 12, or English 12 First Peoples, and the three additional approved examinable Grade 12 courses, or the equivalent.

A minimum average of 67% is required for admission to all programs. However, due to limited enrolment, a higher average is required in most programs.
Applicants who, because of administrative difficulties in their school or because they have a physical, sensory, or specific learning disability, cannot present the courses as required, may be excused a specific admissions course requirement. Supporting documentation sent by the principal of the school concerned is required.

All courses must be completed by June. Summer school courses or grades obtained in supplemental examinations will not be considered.

Beginning in 2009, applicants will only be required to write the final examinations offered by the BC Ministry of Education (BC Provincial Examinations) that are required for graduation. For admission decisions, BC Provincial Examination results will be used if the examination result increases the applicant’s admission average.

[...]

**Type of Action:** Modifications to UBC’s general admission criteria based on new BC high school mathematics curriculum

**Rationale:** The purpose of these changes is to align UBC’s general admission criteria with the new mathematics curriculum in the Province of British Columbia that begins implementation in 2010 for the new Grade 10 courses, 2011 for the Grade 11 courses, and 2012 for the Grade 12 courses.

This new curriculum is the result of the adoption of a common curriculum framework for mathematics in Western and Northern Canada. Details of the new curriculum are available online at [http://www.wncp.ca/media/38771/math10to12.pdf](http://www.wncp.ca/media/38771/math10to12.pdf).

### Proposed Calendar Entry:

Applicants with prior credit from a recognized degree program will be admitted on satisfaction of the appropriate admission requirement as outlined below. Courses successfully completed in prior study, where appropriate, may satisfy requirements of the program of study to which an applicant is admitted.

Applicants with unsatisfactory standing designated by a prior post-secondary institution within their most recent 24-30 UBC-transferable credits will be reviewed on a case-by-case basis and may be inadmissible. Definitions of unsatisfactory standing that can result in non-admission include cases in which a student is no longer eligible to enroll at their institution or is on academic probation, typically due to poor academic performance.

### Present Calendar Entry:

Applicants with prior credit from a recognized degree program will be admitted on satisfaction of the appropriate admission requirement as outlined below. Courses successfully completed in prior study, where appropriate, may satisfy requirements of the program of study to which an applicant is admitted.

Applicants with unsatisfactory standing at a college or another university will not be admitted.

[...]

### URL from Web Calendar:

http://www.students.ubc.ca/calendar/index.cfm?tree=2,25,72,0

### Type of Action:

Language to clarify the policy regarding transfer applicants who are not in good standing.

### Rationale:

The current calendar language on transfer from a college or university implies that a student who has unsatisfactory standing at any prior college or university is not eligible for admission to UBC – this is not the case. Rather, it is the standing on the most recently attempted 24-30 transferable credits that is considered for admission. In addition, the language does not acknowledge that there are many different definitions of "unsatisfactory standing" and that UBC will apply discretion in determining which will make an applicant ineligible for transfer.

This is not a policy change but, rather, clarification of policy language in the interest of transparency for prospective transfer students.

From: Senate Curriculum Committee

Re: Summer Curriculum Proposal (information)

In accordance with the policy governing certificate proposals, this is to inform you that at its meeting of 6 August 2009, the Senate Curriculum Committee approved the attached new certificate in Program Management from Continuing Studies and the Faculty of Commerce & Business Administration.

Respectfully submitted,

Peter Marshall, Chair
Senate Curriculum Committee
Certificate Program Under Development

Division of Applied Technology, UBC Continuing Studies
Executive Education, Sauder School of Business

Proposed Name of Certificate Program: UBC Certificate in Program Management

Date of Submission: May 27, 2009

Sponsoring Faculty/Department/School: Division of Applied Technology, UBC Continuing Studies

Contact Person:
Name: Raquel Collins
Title: Senior Program Leader
Telephone: 604-822-8666
Email: raquel.collins@ubc.ca

Supporting UBC Partners or External Partners: Sauder School of Business, Executive Education

Program Description:

This UBC Certificate program offers a practical, structured approach to increasing competencies for delivering quantifiable business value to stakeholders. Participants learn effective risk management strategies using actual case studies from real program managers. The curriculum is aligned with the Project Management Institute (PMI) program management standard of stakeholder, benefits, and governance. Additional topics include negotiations, conflict resolution, stakeholder engagement, leadership and communication.

This part-time, 100% online certificate program is designed for those with business management, financial and/or operational experience, looking to build or increase their knowledge, skills and abilities in program management.

Rationale for the Certificate Program:

The UBC Certificate in Program Management offers a range of business professionals the opportunity to explore program management strategies in a format that takes a flexible and integrated approach to education through 100% online delivery.

The program design has been guided by feedback from market research that included surveys of employers, project/program management specialists and potential students as well as feedback from graduates of the UBC Certificate in Project Management and the program advisory committee. This program focuses on program management processes and builds upon the project management principles and knowledge learned through the UBC Certificate in Project Management. There have been over 475 Certificate in Project Management
graduates since its launch in 2002 and this new program will address the needs of these graduates by furthering their career opportunities and/or professional development. Courses will also be eligible for PMI professional development units which are required for maintenance of the Project Management Professional (PMP) designation.

The program takes a project/program management approach to business activities and organizational design, and focuses on teaching participants how to understand and apply the PMI Program Management process groups and knowledge areas. Successful organizations are able to align the right resources with the right projects and are able to produce positive results for mission critical projects. However, businesses face significant challenges in prioritizing projects and the benefits they provide. In addition to defining the right projects, team members need to know how to maximize the effectiveness of teams diverse in location, culture, and expectations. To meet the challenges of managing these multiple objectives across virtual work units, the successful organizations manage benefits as part of a program of related projects using the skill sets defined in the Project Management Institute (PMI) Program Management Standard.

The PMI has developed a new designation titled ‘Program Management Professional’ (PgMP) and although this program is not designed as a preparatory study course for the PgMP exam, some graduates will be interested in pursuing the PgMP credential upon completion. There is a separate PgMP exam preparatory course offered outside the certificate program for those specifically interested in how to prepare for the PgMP examination.

Proposed Length/Duration:

The certificate program will consist of 5 required courses (a minimum of 150 total hours) delivered part-time over a 12 month period. Courses for this certificate program will start being offered in Fall 2009.

Proposed Curriculum Topics:

There are 5 required courses of this certificate program including:

Program Management Governance

Students will apply stewardship for selecting the appropriate model based on context and policy, define, record, report KPI and resolve enterprise corporation issues.

Program Management Benefits

Students will apply value principles using various models to implement a business case that defines the expected value and measures realized value.

Stakeholder Engagement for Business Analysts and Program Managers

Students will learn how to define the size and reach of the stakeholder audience, identify the important decision makers and manage stakeholder relations. From compelling pitches to negotiations and conflict resolution, this course examines a range of stakeholder engagement models and strategies used by Business Analysts and Program Managers.
Management, Leadership and Team Building for Business Analysts and Program Managers

Students will examine organizational behaviour and apply effective management skills including leadership, coaching, and cross-functional team building in the context of Business Analysis and Program Management job functions and case studies.

Program Management ePortfolio Project

Through development of an e-Portfolio students will demonstrate a consolidated understanding of the competencies underlying the program lifecycle steps of pre-planning, establishing infrastructure, delivering benefits and closing.

Target Learners:

The program serves the needs of learners pursuing study for professional development. The program will target Project Managers and Project Management Professionals (PMP); Business Analysts; Operations and Financial Managers; Program Managers and members of a Project Management Office (PMO) or members of a team working in a project culture; IT Professionals; and those interested in obtaining a Program Management Professional (PgMP) credential.

Student Admission Criteria:

All applicants to the UBC Certificate in Program Management must meet the following minimum requirements:

- Program applicants must have post-secondary education and a management background gained through experience. Project management, leadership and/or operational management experience is recommended.
- English language proficiency (TOEFL) test results may be required
- Access to a computer and full Internet access either through home or work, including an email account
- Familiarity with MS Word, Excel, Powerpoint and diagramming/flowcharting software applications

Student Assessment/Grading Methods:

To be granted the UBC Certificate in Program Management, participants must successfully complete required courses and demonstrate competency in program management by earning a minimum passing grade 60% on each of the required courses. Students will be assessed on participation, assignments, projects, and tests.

Participants must complete all requirements for graduation within two years of admission to the program.
Program Delivery Format

The program consists of 5 required courses offered on a part-time basis. Each course will be delivered 100% online, over 4-8 weeks. All courses will be delivered through a learning management system.

The program is designed so that as each module of a course is completed, a foundation is established upon which each subsequent module will build. This progression ensures that students emerge with the knowledge and practical skills needed to support program management activities.

Marketing/Promotion Strategy

This program will be promoted by UBC Continuing Studies and Sauder School of Business Executive Education through course calendars, websites, email marketing, brochures, direct mail, print advertising, ad words, search engine optimization, events and industry associations.

Assessment of Impact on Departmental and University Resources:

The program development costs have been accounted for and, based on projected tuition revenues, should be recovered within two years from the launch date. The program’s management and support staffing requirements will be allocated fairly and balanced among individuals’ current program responsibilities. The program will utilize existing systems within Continuing Studies for student registrations, scheduling, certificate tracking, and online learning. Students will have access to UBC Library resources under a currently established financial arrangement.

Assessment of Financial Viability:

The market research conducted for the proposed program specifically addressed the issues of financial viability in the context potential market demand and proposed tuition fees. It was determined that the 100% online program would be viable.

The Certificate in Program Management will be a cost-recovery program based on a revenue sharing model with the Sauder School of Business, Executive Education. Revenues from currently successful programs will support the funding for the development with the expectation that funds will be recovered through future tuition revenues, and within 2 years from the launch date. The program also offers a combination of new and existing curriculum (two of the courses are transferable to another Certificate program) developed by UBC Continuing Studies’ Division of Applied Technology.

Current Program Advisory Committee Members:

- Karmen Blackwood, Senior Consultant, Open Enrolment Program Development and Director, Customer Services, Executive Education Sauder School of Business, UBC
Certificate Program Under Development

- Raquel Collins, Senior Program Leader, Division of Applied Technology, UBC Continuing Studies
- Dave Davis, PMP & PgMP, AT&T Program Manager
- Karen Dellert, Assistant Deputy Minister and Chief Information Officer, Ministry of Children and Family Development
- Chris Dennis, Principle, Go n Grow Business Consulting
- Dr. David Gillen, Director, Centre for Transportation Studies, Sauder School of Business, UBC
- James Gordon, Senior Manager, Strategy & Operations, Consulting, Deloitte & Touche
- Svein Haugen, Director, Project Management Support Services
- Denise Holleran-Boswell, President & Managing Partner, The Annex Learning Centre Inc.
- Matt Meblin, Chief Executive Officer, Project InVision International
- Peter Moroney, Director, UBC Continuing Studies

Final Approval Expected from the Following Deans/Department Heads:
- Dr. Daniel Muzyka, Dean, Sauder School of Business, UBC
- Dr. Judith Plessis, Executive Director, UBC Continuing Studies
Sept. 4, 2009

To: Vancouver Senate

From: Nominating Committee

Subject: Adjustments to Senate Committees (approval)

Motion: That Senate approve the following revisions to the membership of Committees of Senate:

1. Admissions Committee
   Ms. Andrea Dulay to replace Dr. Rita Irwin

2. Library Committee
   Ms. Khatareh Aminoltejari to fill vacancy

3. Teaching and Learning Committee
   Ms. Ingrid Parent to replace Dr. Peter Ward

Respectfully submitted,

Dr. Rhodri Windsor-Liscombe, Chair
Vancouver Senate Nominating Committee
Sept. 4, 2009

To: Vancouver Senate
From: Tributes Committee
Subject: Memorial Minutes

The Tributes Committee has prepared memorial minutes for the following individuals:

Dr. William C. Gibson
Mr. Gerald Podersky-Cannon

Motion: That Senate approve the Memorial Minutes for Dr. William C. Gibson and Mr. Gerald Podersky-Cannon, that they be entered into the Minutes of Senate and copies be sent to the family of the deceased.

Respectfully submitted,

Dr. Sally Thorne, Chair
Senate Tributes Committee
Dr. William C. Gibson

Widely regarded as one of Canada’s most distinguished academic physicians, Dr. William Gibson had a life-long love of all aspects of medicine. After completing his medical studies at McGill University and a doctorate at Oxford University, he returned to UBC in 1950 as a researcher and clinical Associate Professor. Soon after, he was named Director of the Kinsmen Laboratory for Neurological Science. Dr. Gibson served as the President of the UBC Alumni Association Board and the Faculty Association, was the former Assistant to the President of UBC on University Development and a lifetime friend of the University.

From 1960 to 1978, he served as a professor and Head of the History of Medicine and Science Department. During his 18 years of service to the Senate, Dr. Gibson represented both the Faculties of Graduate Studies and Medicine.

Dr. William Gibson was a key figure in the development of the Faculty of Medicine at UBC and the establishment of the Woodward Biomedical Library, considered by him to be one of his proudest achievements.

Outside of the university community, he mobilized support for the construction of the Stanley Park seawall and the Van Dusen Botanical Gardens. He planted a seedling in the courtyard of Victoria’s Royal Jubilee Hospital that came from the plane tree under which Hippocrates taught his medial students on the isle of Cos in Greece. During the second world war, Dr. Gibson served in the Royal Canadian Air Force, and afterward, was named RCAF Deputy Director of Medical Research in the clinical investigations unit where was he was responsible for the physiological training of Canadian air crews.

Amongst his many achievements and awards are a BC Centennial Medal granted in 1967 and an honorary Doctorate of Science, conferred by the University in 1978. Dr. Gibson was also the recipient of the Queen’s Jubilee Medal and was named to the Order of Canada in 2002.

Mr. Gerald Podersky-Cannon

In the death Gerald Podersky-Cannon, the Senate and the University lost a devoted member and friend. Gerry graduated from the University with a Bachelor of Arts in 1970 and a Master of Arts in 1979. As a representative of the Convocation, Gerry served on the Vancouver Senate from 1997 to 2002, returning in 2008.

He was active in his community and its political life as a member of the Alumni Association Board of Directors and served on the board of the Kinesis Dance Troupe, the Canadian Club and the Canadian Council of Africa, among many other organizations. Gerry developed a world wide network of friends from experiences in England, the Yukon and Africa and from his varied business associations at Vancouver City Hall, Price Waterhouse Coopers, BC Hydro, Lightwave Medical Industries, Sterling Health Services, P2 Solar Energy Corporation and Canafra Minerals.

To his family, Gerry was a mentor, role model, man of inspiration and a loving husband and father. To his community, Gerry was a dedicated advocate and friend, serving on the board of several charities and non-profit organizations.

His contributions to the University and his community are invaluable. He will be greatly missed.

Re: Student Evaluation of Teaching

For Information:

In accordance with the Senate Policy on Student Evaluation of Teaching, I am pleased to forward the 2008-09 Report to Senate on Student Evaluation of Teaching.

Attachment:

Provost and VP Academic Report to Senate, Student Evaluation of Teaching, August 2009.
STUDENT EVALUATION OF TEACHING

IMPLEMENTATION PROGRESS
A Standing Committee on Student Evaluation of Teaching, with representation from across the University, was established to monitor the progress of the Senate Policy implementation. This Committee oversaw the following activities during the past year.

- As a result of focus groups with faculty members and students, the University Module items were further fine tuned and a new response set applied. The items are:

  Based on a 5-point scale, where 1 = Strongly Disagree, 2 = Disagree, 3 = Neutral, 4 = Agree, 5 = Strongly Agree, please indicate:

  1. The instructor made it clear what students were expected to learn.
  2. The instructor communicated the subject matter effectively.
  3. The instructor helped inspire interest in learning the subject matter.
  4. Overall evaluation of student learning (through exams, essays, presentations, etc) was fair.
  5. The instructor showed concern for students learning.
  6. Overall the instructor was an effective teacher.

- A website (https://teacheval.ubc.ca) was developed which includes information about the Senate Policy and its implementation, as well as a secure (CWL enabled) tool which displays data about the University Module items for those course sections for which the instructor has consented to publication.

- Faculty Module and Department Module items were added where they were available; a small pilot to test Individual Instructor questions was also completed.

- TAG offered workshops called ‘Wisdom Through Reflective Practice” to the university community and on request, delivered this workshop in Faculty-specific contexts.

- Research on the performance of the new items is continuing and will be published on the Student Evaluation of Teaching website as it becomes available. Research questions of interest to faculty members can be submitted to seot.research@ubc.ca.
Scope
Results for 2,603 unique instructor and course combinations (representing 83,107 responses) were submitted to the University in Term 1, for those courses in which the University Module Items were administered.

1 Unique course section combination
2 Alternative evaluation methods used.
3 Several courses in Anatomy, Microbiology and Biochemistry were evaluated by Faculty of Science. In other Faculty of Medicine courses, alternative methods of evaluation were used.

In accordance with the Senate Policy, courses of an independent nature, sections with very small enrolments and those where other forms of evaluation are more appropriate are not included in this analysis.

**Administration of Evaluations**

The Senate did not prescribe a method of data collection. At present, eight of twelve Faculties are collecting data online through the centrally provisioned and locally managed CoursEval system. The School of Medicine is collecting data online using another system (but because of the nature of their courses is not collecting responses to the University Module Items). The Faculty of Education, the Faculty of Forestry and the Sauder School of Business continue to collect information using paper-based methods.
RESULTS
As shown in the following tables, scores for each of the UMIs are routinely four or higher on a five point scale.

¹ Based on a 5-point scale, where 1 = Strongly Disagree, 2 = Disagree, 3 = Neutral, 4 = Agree, 5 = Strongly Agree
As assessed by students, the overall quality of teaching at UBC is 4.13 (standard deviation = .57) on a five point scale. Only 5% of instructors are assessed at 3 or less; and 73% of instructors are assessed at 4 or higher.

NEXT STEPS
The University is committed to continuing research on the implementation of the Senate policy. Results of these investigations will be posted at https://teacheval.ubc.ca, as they become available.
Overall Enrolment

- As of August 26th, 2009, UBC Vancouver has 46,121 registered students (44,355 as of same date 2008). Total enrolment can be disaggregated into 9,350 graduate students, 32,248 undergraduate students (including residents), and 4,523 diploma, unclassified, visitor, and Access Studies students.
- Undergraduate degree program headcount has grown to 32,248 students, a 4% increase over point-in-time 2008. Total undergraduate FTE (Full Time Equivalency) enrolment is currently at 28,566, a 5% increase over point-in-time. The fact that FTEs have increased more than headcounts suggests that the average UBC student is taking a slightly higher course load than in 2008.
- UBC Vancouver’s undergraduate degree programs have an enrolment target of 28,346 registered students by October 1st, 2009 (domestic students only; international students are not included in enrolment targets). With 29,187 domestic students currently registered for classes, UBC Vancouver is 3% over target. This over-enrolment will likely be reduced as a small number of students typically withdraw within the first month of classes.
- The Faculty of Graduate Studies currently has 9,350 students registered, a 4% increase (8,982 as of same date 2008).

New Student Enrolment

- New student enrolment has grown; UBC Vancouver has 7,371 new students in undergraduate degree programs (excluding post-baccalaureate), a 7% increase. Much of the growth has come from international students and from direct-entry domestic students from the Lower Mainland.
- Most faculties are expected to achieve first-year enrolment targets (domestic), with the exception of Forestry, currently at 85% of target. Science and Applied Science (Engineering) are expected to over-enroll by up to 10%.
- BC college transfer has remained steady. In total, 1,467 students transferred from other BC post-secondary institutions to UBC Vancouver, a 2% increase. Despite a decrease in applications from BC’s new regional universities (Capilano University, Kwantlen Polytechnic University, Vancouver Island University, and University of the Fraser Valley), transfer enrolment from these institutions remained constant (395 students, a 2% increase).

International Student Initiative (ISI)

- UBC Vancouver has seen significant growth in ISI enrolment – 1,200 new ISI students, an increase of 20%. With 3,400 students (all year levels), ISI enrolment makes up 11% of UBC Vancouver’s total undergraduate population.
- The top countries of origin for international students outside of B.C. are the USA and China. In total, UBC Vancouver’s ISI population represents over 140 countries.

---

1 Based upon 30-credit FTEs
Composition of the first year class:

| UBC Vancouver (as of August 26th, 2008 and 2009) |
|-------------------|-------------------|-------------------|-------------------|
| Sec. school location | 2009  | 2008  | % male | 2009 | 2008 |
| Lower Mainland      | 3,548 | 3,261 | 48%    | 48%   | 46% |
| Rest of BC          | 481   | 583   | 52%    | 52%   | 54% |
| Rest of Canada      | 687   | 676   | 89%    | 89%   | 87% |
| Rest of the world   | 1,215 | 965   |        |        |      |

- Students from “Rest of Canada” and “Rest of World” make up 12% and 20% of the first-year class, respectively.
- Change in % of first year students receiving scholarship is the result of change to the President’s Entrance Scholarship, now being awarded at point of admission, not on final grades.

Note: * For first choice BA applicants only; applicants with BA as a second choice were required to meet a higher GPA.
Overall Enrolment

- As of August 26, 2009, UBC Okanagan has 6,015 registered students (5,325 as of same date 2008). Total enrolment can be disaggregated into 406 graduate students, 5,458 undergraduate students, and 119 unclassified, visitor, and Access Studies students.
- Undergraduate degree program headcount has grown to 5,458 students, a 12% increase over point-in-time 2008 (this figure excludes unclassified, visitor, and Access Studies students). Total undergraduate FTE (Full Time Equivalency) enrolment is currently at 4,908, a 15% increase over point-in-time. The fact that FTEs have increased more than headcounts suggests that the average UBC student is taking a slightly higher course load than in 2008.
- Graduate enrolment has also grown to a total of 406 registered students, an increase of 39% (293 as of same time date 2008).

New Student Enrolment

- With 1,903 new students in undergraduate degree programs, UBC Okanagan has seen a 14% increase over 2008.
- Education, Applied Science, Human Kinetics, and Nursing are all expected to enroll new students to capacity. Human Kinetics has experienced the largest year-over-year growth, enrolling 117 new students (a 44% increase over point-in-time 2008).
- A good part of the growth in first year enrolment has come from the Central Okanagan School District (Kelowna) and the Okanagan Skaha School District (Penticton) with 335 and 56 new UBC O students, respectively (a 20% and 75% increase over previous year). This is a positive trend considering that Grade 12 enrolment in these two districts remained flat over previous year.
- In total, 383 students transferred to UBC Okanagan from other BC post-secondary institutions, an increase of 4%. Okanagan College continues to provide the largest source of transfer students, with 204 students transferring to UBC O this September (an increase of 13%).

International Student Initiative (ISI)

- UBC Okanagan has 138 new ISI students, an increase of 23% over previous year. At 293 new and continuing students, ISI enrolment makes up 5% of UBC Okanagan’s total undergraduate population.
- The top countries of origin for international students are China, South Korea, and the United States. In total, UBC Okanagan’s ISI population represents over 50 countries.
