Call to Order

The President called to order the sixth meeting of the Council of Senates.

Council Membership

The Secretary had circulated for information an updated Council of Senates membership list.
Meeting Agenda
The meeting agenda was adopted by unanimous consent.

Minutes of the Previous Meeting
The Secretary reported that the minutes of the meeting of June 10, 2008 had been previously approved by email, as provided for under the Rules & Procedures of the Council of Senates. The approved minutes were circulated for information.

Executive Committee
Committee Chair Dr. Harrison presented the report.

POLICY C-2: AFFILIATIONS WITH OTHER INSTITUTIONS OF LEARNING
The Committee had circulated for approval the above-mentioned new policy.

\[
\text{Dr. Harrison} \quad \text{Dr. Cioe} \quad \text{That the Council approve Policy C-2: Affiliations with Other Institutions of Learning.}
\]

AMENDMENTS
Dr. Harrison gave a brief overview of the development of the new policy. The Committee hoped that the policy would provide a clear definition of an affiliation.

Dr. Harrison reported that three small amendments had been proposed after the document had been circulated. He recommended approval of the following changes:

1. Section 4, amend to add the text in bold: “Provided that a template established under Section 3 (a) is followed, the Vancouver Senate’s Admissions Committee may approve the terms of Student Mobility Agreements for students going to or coming from UBC Vancouver programs, and the Okanagan Senate’s Admissions & Awards Committee may approve the terms of Student Mobility Agreements for students going to or coming from UBC Okana-
gan programs on behalf of the Council. Prior to consideration by either committee, the Go Global office shall be consulted on the proposal.”

2. Section 11, amend to begin (new text in bold): “Any agreements establishing Affiliations shall be executed...”

3. Calendar Statement(s), correct section-number reference from 3 (b) to 3 (c).

DISCUSSION

Dr. Harrison drew attention to the mechanism for relatively quick approval of certain kinds of affiliations by the Senates, provided that specified templates were used. Upon recognition by the assembly, Mr. Eaton reported on the development status of new templates for use under the new policy, if approved. The template for student mobility agreements under s. 3 (a) was to be drafted by the Office of the University Counsel in consultation with Go Global. A draft template under s. 3 (c) for individual joint doctoral programs had already been prepared by the Faculty of Graduate Studies. Mr. Eaton described the template for joint academic programs under s. 3 (b) as the most complex of the three templates, and estimated that it would take several months to draft.

Dr. Duran-Cogan asked about the procedures for Senate approval, when appropriate, of student mobility agreements and joint academic programs. The assembly recognized Ms. Collins, who noted that procedures established by the Senates themselves would apply.

In response to a question from Dean Bobinsky, Dr. Harrison clarified that the new policy would become effective on October 15, 2009, with no retroactive effect.
Adjournment

There being no further business, the meeting was adjourned. The following meeting had not yet been scheduled.
To: Council of Senates  
From: Council Executive Committee  
Re: Revision to the Rules and Procedures of the Council of Senates  
Date: 4 March 2019

The Council Executive Committee has reviewed revision of the Rules and Procedures of the Council of Senates proposed by student members of the Council. Those changes are as set out in the attached. Much of the revisions are housekeeping or consequential in nature. The substantive changes being proposed are as follows (Please note that due to renumbering, the section numbers may not be clear. Comments have been added to the document to indicate the relevant sections):

1) A new Section (7) has been added to allow for a member of a Council of Senates Committee to veto that committee granting final approval to an item, and instead requiring that proposal to be brought before the full Council of Senates for approval.  
2) Section 9 (Formerly 8) is proposed to be amended to indicate who shall chair the Council of Senates should the president not be able to attend yet not designate a vice-chair.  
3) Section 14 is proposed to be deleted as redundant.  
4) A new Section 15 is proposed to require the Council to meet at least once every three years.  
5) The requirement to call a special meeting at the call of Councillors is proposed to be dropped from 6 to 3 so as to allow meetings to be called with greater ease.  
6) Section 26 (formerly 27) is proposed to be amended amended to require that a Council meeting not be called should there not be business appropriately referred.  
7) Section 37(e) is proposed to be amended to prohibit the Council from approving certain actions via email, namely any changes to its own Rules and Procedures, and the reconsideration and rescinding of motions.  
8) Section 48 is proposed to be amended to prohibited additional academic administrative positions from serving on the Budget Committee.

The Council Executive Committee supports these proposals and would recommend that the Council resolve as follows:

That the Rules and Procedures of the Council of Senates be amended as set out in the attached proposal. (Note: Requires 2/3rds).

   c. Establish and enforce rules of behaviour for observers.

24. No cameras, tape recorders or other electronic equipment may be brought into the meeting room of the Council of Senates, including the public gallery, except with permission of the meeting. Normally the Chair shall determine the will of the meeting informally.

If an agenda item identified as an in camera item the meeting room is to be cleared of all but Councillors and guests identified as invited for that item, without need of a vote.

ORDER OF BUSINESS

26. The agenda for regular or special meetings is normally prepared by the Executive Committee a minimum of ten (10) days prior to the scheduled meeting date of the Council of Senates. The Executive Committee shall add no item to the agenda that impedes the authority of a Senate under the University Act unless that item has been referred to the Council under
27. The usual order of agenda items is:

   g. **Correspondence and the Receipt of Petitions** (if not already included in a Committee Report): Petitions may be received by the Council of Senates and may be forwarded to committees or other appropriate bodies for consideration. Statements may be circulated to Councillors

   h. **Unfinished Business and Business Arising from the Minutes**: Items brought forward from the previous meeting as noted in the minutes of the previous meeting

   i. **Announcements**

   j. **In Camera Session**: Held if required without need for request of any member.

   k. **Adjournment**

28. Any Councillor may give notice of a main motion from the floor of the Council of Senates, whereby the motion shall be placed on the agenda of the next regular meeting of the Council of Senates under Business Arising from the Minutes, and a vote of two-thirds (2/3) majority in the affirmative will be required for the motion to pass.
VOTING

29. Voting on ordinary business and motions is normally by show of hands. A vote shall be held by roll call or secret ballot if:
   a. The Chair so directs, at the Chair's discretion; or
   b. A motion to do so is approved by simply majority. A member may make this motion at any time before final announcement of the vote results by the Chair.

30. The Chair has the same voting rights as other members of the Council of Senates.

31. If there is a tie vote on a motion, the motion shall be lost.

32. Any Councillor may, by request, require that the vote count, or the Councillor's individual vote or abstention from voting, be recorded in the Council of Senates minutes.

DEBATE AND MOTIONS

33. Once a motion is moved and seconded, the mover may speak to it first, throughout debate may answer questions put through the Chair; and has the option to also speak last in debate.

34. When two motions on the agenda are conflicting, the Chair may rule that consideration of the second motion is unnecessary if the first is passed. If the first motion is lost, the second may then be considered.

35. A motion to rescind a motion requires a vote of two-thirds (2/3) majority in the affirmative to pass, or, if a notice of motion has been given, a simple majority in the affirmative to pass except for which such notice is given under Section 2629 in which case a two-thirds (2/3) majority in the affirmative is still required.

36. A ruling of the Chair with regard to motions or any other matter may be challenged by seconded motion of any Councillor present if the motion of appeal is made immediately. Such an appeal is generally made after raising a point of order establishing the basis for the appeal, and is generally debatable. The Chair’s decision stands until reversed by majority vote of the Council of Senates. The Chair remains presiding during any appeal, may vote on the appeal, and before the vote may explain the reasoning for the ruling or action without being considered as debate.

37. Matters may be considered by the Council of Senates or any committee thereof via email under the procedures set out in this section.
   a. The matter in question shall be sent via email to every member of the body.
   b. A matter sent out via email is approved if no objections are sent to the Secretary within seven (7) days of the email being sent.
c. If an objection is raised by any Councillor under Section 36 (b), the matter is not approved and shall be considered at the next meeting of either the Council of Senates or the committee in question as a normal item of business.

d. All Councillors shall specify an email address for the purposes of email consideration of matters and shall apprise the Secretary of any changes to that address.

e. A change to this section of these Rules and Procedures as well as the reconsideration or rescinding of any motion, pursuant to Section 36, shall not be considered under this section.

Re: Selection of the Chancellor  
Date: 1 March 2019

The Council of Senates Executive Committee has considered a proposal from the student members to call upon the Government of British Columbia to restore the election—rather than appointment—of chancellors for the four universities under the University Act.

As you may be aware, at the time of this change, the two Senates of UBC resolved against it. A copy of the resolution approved at the time is included for you information. The Executive Committee agrees with the students’ proposal and would recommend the following to the Council of Senates:

_That the Council of Senates call upon the Government of British Columbia to reinstate the elected model, allowing for the participation of the entire convocation, for the position of Chancellor in the province’s universities; and_

_And that the Council of Senates further resolve to direct its Secretary to inform the Honourable Melanie Mark, Minister of Advanced Education, Skills and Training, of the preference of the Council of Senates for the convocation to elect, rather than the Board to appoint on the recommendation of the alumni association, the position of Chancellor, in a letter as agreed to by the Council Executive Committee._
To: Senate
From: Council of Senates Election Committee
Dr. Ronald Yaworsky, Chair

Subject: Proposed Changes to Chancellor Selection Process

As Senate may be aware, our provincial government has introduced Bill 34, The University Amendment Act and scheduled it for second reading (May 1, 2008).

The provision that affects UBC relates to the selection of the Chancellor. Bill 34 proposes to amend the University Act such that the Chancellor will no longer be elected by the Convocation, but rather he/she "is to be appointed by the Board of Governors on nomination by the alumni association and after consultation with the council [of senates]."

The Elections Committee believes that this provision and its implementation are inappropriate for a number of important reasons, and accordingly, we feel it appropriate that this issue be brought to the attention of both Vancouver and Okanagan Senates.

First, our university's convocation is significantly broader than the group represented by the Alumni Association - our convocation includes not only alumni, but faculty, librarians, senators, and most recently those honoured with emeritus status – all of whom have now been disenfranchised by the practice of having the Board appointed a chancellor upon the sole nomination of the Alumni Association (who previously did have a tradition of nominating a candidate, but this candidate was required to stand for election by the convocation).

Second, the history and tradition of our Chancellor's election runs deep and indeed dates back to the centenary we now are celebrating – I am informed that the first Chancellor election was in 1908, between Francis Carter-Cotton and Sir Charles Tupper. For the next 90 years or so, election turn-out was strong, averaging 20%, although the usual pattern was for a chancellor seeking re-election to stand unopposed, and for an election for new chancellor, it resulted in what was often an interesting contest.

In the past decade, thousands of people have voted with the size of our convocation doubling over the past 17 years, the percentage of those voting is of course low. In those years with low turnout, specifically the 1990s, it should be noted that the university significantly reduced the publicity around the election and its nomination process. Nevertheless, over the past three elections the number of votes cast for Chancellor has more than doubled. In our view, none of the above indicates the need for a replacement of a long-standing tradition without, at the very least, open discussion and review.
Third, the general practice throughout Canada is for the Chancellor to be elected - either from their convocations or by their senates; joint senates and board or by a joint council of various sorts. Only one major institution, Dalhousie, appoints its Chancellor by its Board alone. The British universities upon whom our structures are based also generally continue to elect their chancellors.

Finally, this provision was advanced by the government in the absence of consultation and communication with our Convocation, our Senates, and critically, our Council Elections Committee. Note that the Elections Committee’s Terms of Reference state we "shall be responsible for recommending to the Council of Senates, in consultation with the Secretary to the Council of Senates, any rules necessary for nominations, elections, and voting in any election of the Chancellor."

In summary, our Committee is strongly opposed to this intended change - without consultation and careful consideration at the very least - and thus we are recommending the following resolution to both the Vancouver and Okanagan Senates for their consideration:

Whereas the office of Chancellor and its election is an institution dating back to the founding of UBC and our predecessor universities; and

Whereas the election of the Chancellor is an important symbol to many parts of the UBC community - including alumni, faculty, librarians, senators, and most recently those honoured with emeritus status - together forming our Convocation and coming together to select the ceremonial head of our University; and

Whereas the Chancellor is a member of university senates and serves in an academic role as conferrer of degrees and chair of the Convocation in addition to its ceremonial position; and

Whereas the autonomy of the University to govern its affairs should be respected and its internal governance should not be adjusted externally without thorough study, consultation, and consideration:

That this Senate resolve to express its concern for the lack of consultation with the University of British Columbia on the changes to the manner in which the Chancellor is selected;

And that this Senate further resolve to express its concern for the changing of an office elected by the Convocation to an office appointed by the Board of Governors;

And that this Senate further resolve to direct the Secretary of Senate to inform the Board of Governors, and the other senates currently under the University Act of the position of the Senate on this matter;

And that this Senate further resolve to direct the Chair of Senate to inform the Honourable Murray Coell, Minister of Advanced Education and Minister Responsible for Research and Technology, of the position of the Senate on this matter with the request that he communicate these concerns to others in the Government of British Columbia and with the request that UBC be allowed to continue the practice of electing its Chancellor in the traditional manner.

Re: Review of Policy C2 - Affiliations with Other Institutions of Learning
Date: 4 March 2019

Council Policy C2 - Affiliations with Other Institutions of Learning is the mechanism by which UBC regulates its relationships with other universities, colleges, and other institutions.

It has been nearly 10 years since Policy C2 was last reviewed. In 2010, the policy was reviewed as required but no changes were recommended. The Policy was first approved in 2007, and it was amended in 2009 to address issues with email approval and policy formatting.

Policy C2 is in furtherance of Section 37(2)(u) of the University Act, which grants the senate of a university the power “to set the terms of affiliation with other universities, colleges or other institutions of learning, and to modify or terminate the affiliation;”. This section is modified by section 38.2(4) to make this the Council of Senates in the case of UBC rather than a/the senate.

The Council of Senates Executive Committee has resolved to establish a review committee for Policy C-2 with an initial membership as follows:

1) A member of the Council Executive Committee (Chair)
2) A representative of the University Counsel’s Office
3) A representative of the Vancouver Academic Vice-President’s Office
4) A representative of the Okanagan Academic Vice-President’s Office
5) A representative of the Faculty of Graduate and Postdoctoral Studies
6) A representative of Enrolment Services
7) A representative of the Senate Office (Secretary)

For the information of the Council of Senates, the following affiliations have been approved under Policy C-2 in the past 5 years:
