President’s Remarks and Related Questions

Provincial Budget
The President was pleased to announce that as a result of the efforts of UBC and its sister institutions, BC universities will now receive a rebate of 87 per cent of the provincial portion of the Harmonized Sales Tax (HST), resulting in approximately $40 million in direct and indirect savings for UBC.
The President also announced that UBC’s Annual Capital Allowance (ACA) allocation, which contributes funds for renovations and upgrades to learning spaces, was reduced by 30 per cent in addition to the previous year’s reduction by 6 million. He noted that these cuts will have an important impact on the Vancouver campus as many projects have already commenced; the cuts have already been figured into UBC Vancouver’s 2010/2011 budget.

Dr. Owram noted that UBC Okanagan’s Annual Capital Allowance (ACA) was reduced by $270,000, not an unmanageable figure on a smaller and newer campus, but one that could grow to be significant if the cut is maintained over the coming years and as the campus ages.

Update on Place and Promise

The President noted that the implementation of *Place and Promise: The UBC Plan* continues and to that end the Director of the President’s Office, Ms. Patricia Stevens, visited the Okanagan campus in December 2009. The President looked forward to the UBC Okanagan Academic Strategic Plan, and learning how it will work to implement *Place and Promise*.

G8/G20 University Summit

The President reminded Senators that UBC will be partnering with the University of Alberta in hosting the third annual G8/G20 University Summit in May 2010 to coincide with the G20 meeting hosted by Canada. He noted that key figures in the university community will be invited with the goal of developing an action statement at both the university-level, as well as wider society, around the Summit’s focus on sustainability.

Deputy Vice-Chancellor’s Remarks

*Access to Curtis Road*

Dr. Owram reported that as a result of a court injunction the Curtis Road gate had been re-opened.

*Tenure and Promotion Mentorship Program*

Dr. Owram announced the creation of a Tenure and Promotion Mentorship Program for UBC Okanagan faculty commencing this term. A joint initiative between Dr. Abd-El-Aziz, Provost and Vice-Principal, UBC Okanagan, and Dr. Elizabeth Hodgson, President, UBC Faculty Association, the program assists and prepares UBC Okanagan faculty who are approaching tenure and/or promotion in the next few years. A group of tenured UBC Vancouver faculty volunteers will
be on the Kelowna campus for two- to three-day periods during the current term to meet with these faculty members. More information is available on the website of the Provost: www.web.ubc.ca/okanagan/provost/tenure-mentors.html.

**Engineering Accreditation Visit**

Dr. Yannacopoulos offered an update on the recent visit of the engineering accreditation team. He noted that while this was an extraordinarily busy time, the visit was a wonderful opportunity to showcase the School of Engineering and the UBC Okanagan campus – especially the new building. The team was impressed with the level of support and enthusiasm from faculty and staff, and offered hints of which program improvements might be recommended. Dr. Yannacopoulos thanked all involved in the visit and noted that the decision of the accreditation board will be announced after June 2010.

**Academic Policy Committee**

Committee Chair Dr. Cioe presented the report.

**UBC Policy 69: Student Safety Abroad**

*See also, ‘Appendix A: Excerpts from UBC Policy 69: Student Safety Abroad’*

The following is an excerpt from the Policy’s Background and Purpose:

**Background**

UBC is a global university with internationalization as one of the core elements of its mission, and an increasing number of students undertake international travel for the purpose of study, research, work, volunteer and service learning as part of the UBC experience. Such activities can expose students to certain health and safety risks.

**Purpose**

The purpose of this Policy is to set standards to enable safer student experiences abroad. This will be done by providing a process for approving student international travel for University Activities; by providing tools to enable the assessment of any risks associated with individual locations students may travel to for a University Activity; to enable the University to better respond to emergency situations; and by establishing risk management resources to enable student travelers to be informed of and manage the risks associated with travelling abroad.
Moved: Dr. Cioe
Seconded: Ms. L’Orsa

That Senate approve the following sections of UBC Policy 69: Student Safety Abroad:

- Article 1 of the Policy – Definitions;
- The following articles in the Procedures:
  - Article 4 Travel to Level 1 “Exercise Normal Security Precautions” or Level 2 “Exercise High Degree of Caution” Travel Advisory Destinations;
  - Article 5 Authorization for Travel to Level 3 “Avoid non-essential travel” or Level 4 “Avoid all travel” Travel Advisory Destinations;
  - Article 6 Revocation of Authorization; and
  - Article 8 Unauthorized Travel.

Discussion

Dr. Cioe noted that while the policy overall required Board of Governors approval, the academic sections required the approval of both Senates. Due to reasons of timing, Senate was exceptionally being asked to approve the policy in advance of the Board of Governors meeting in February 2010. Consideration by the Vancouver Senate was expected in March 2010.

Dr. Cioe spoke in favour of the policy, and suggested that a policy for travel within Canada be considered in the near future.

Dr. Johnson voiced some concern over Section 4.1, which stipulated that authorization was not required for travel to Level 1 or Level 2 destinations. He asked whether these students would ever potentially be considered “unauthorized travelers”. Dr. Cioe clarified that while students who failed to register for travel to Level 1 or Level 2 destinations faced certain consequences, they would not be held to same consequences as those who failed to seek authorization for travel to Level 3 or Level 4 destinations.

The motion was put and carried.

Admissions and Awards Committee

Committee Chair Dr. McCoubrey presented the report.
New and Revised Awards

See also, ‘Appendix B: New and Revised Awards.’

Moved: Dr. McCoubrey
Seconded: Dr. Cioe

That Senate accept the awards as listed and forward them to the Board of Governors for approval; and that a letter of thanks be sent to the donors.

The motion was put and carried.

Admissions Proposal: Specific Program Requirements for Applicants Following the BC/Yukon Secondary School Curriculum – School of Nursing, Faculty of Health and Social Development

A proposal had been received to modify the Bachelor of Science in Nursing admission criteria, based on the new BC high school mathematics curriculum.

Moved: Dr. McCoubrey
Seconded: Dr. Robinson

That Senate approve the proposed changes to the Specific Program Requirements for Applicants Following the BC/Yukon Secondary School Curriculum to the Bachelor of Science in Nursing in the Faculty of Health and Social Development

The motion was put and carried.

Affiliation Agreement: The University of British Columbia (UBC) and The Maple Leaf Educational Systems (MLES)

The following is an excerpt from the Committee’s covering memorandum:

The proposed affiliation agreement falls under Council Policy C-2 as it proposes an affiliation between the University and another Institution of Learning to grant special status at UBC (through its Okanagan campus) to students from MLES by allowing MLES graduates to: “meet the English Language Admissions Standard (ELAS) requirement on the basis of having studied for three years in a BC certified school in which the language of instruction is English, which follows the BC high school curriculum, and whose teachers are certified by the BC College of Teachers.”

This agreement requires approval of the Okanagan Senate (S. 37(1)(u) of the University Act), the Council of Senates (Ss. 38.2(3) and (4)), and the Board of Governors (Ss. 27(2)(s) and 38(1)). Note: any agreements establishing affiliations are executed by the signing officers appointed under Signing Resolutions of the Board of Governors.
Moved: Dr. McCoubrey
Seconded: Dean Campbell

That Senate approve the terms of The University of British Columbia (UBC) and The Maple Leaf Educational Systems (MLES) affiliation agreement, subject to the incorporation of any changes proposed by the Office of the University Counsel and accepted by the Faculty of Education; and any changes required by the Council of Senates as a condition of final academic approval by that governance body.

Discussion

Dr. McCoubrey summarized the proposed affiliation agreement. She reported that The Maple Leaf Educational Systems (MLES) was a British Columbia-certified school program inspected and certified by the British Columbia Ministry of Education. Students registered at MLES received instruction in English by BC certified teachers and graduates were issued a BC certificate of graduation. She noted that students came from MLES to UBC Okanagan to complete an undergraduate degree, apply to the teacher education program, and then upon graduation return to China as BC certified teachers.

In response to Dr. Lalonde’s inquiry Ms. Collins confirmed that the proposed affiliation agreement sought to grant MLES students special status at UBC Okanagan by granting admission on the basis three years, and not the ELAS requirement of four years, in a BC certified school in which the language of instruction was English.

Dean Belton sought clarification on the intention of Section 3: “Students must meet UBC Okanagan’s first-year English requirement.” Dr. McCoubrey explained that MLES students were expected to fulfill current UBC Okanagan English requirements and cited two examples: 70% in Grade 12 English, and a passing grade in either Writing 098 or Writing 099. Dean Belton clarified that these were prerequisites for first-year English courses, not first-year English requirements.

Dr. McCoubrey noted that the anticipated 2010/2011 cohort would include approximately twenty students. Dean Belton wondered if the Faculty of Creative and Critical Studies was expected to reserve seats in first-year English without additional remuneration. Dr. Owram replied in the affirmative, noting that expectations with respect to service teaching remained unchanged.

Dean Campbell spoke in favour of the proposed affiliation agreement, noting that MLES was BC’s largest high school. While opportunities for teacher education graduates to teach in BC were low, there was a huge demand for teachers in China.

Dr. Johnson inquired after the phrase “The Maple Leaf Teacher Education Program at UBC Okanagan” asking if there was such a program at UBC.
Okanagan. Dr. McCoubrey explained that there were no plans to create a specific program for MLES students. MLES students would be tracked separately but would be taking the same teacher education curriculum.

The Chair recognized Ms. Susan Allan, Manager for International Recruitment at UBC Okanagan. Ms. Allan cautioned against granting special status to MLES students, and inquired how many international students from Ministry of Education-recognized BC certified school programs did not require special status as they met the ELAS requirement. Ms. Allan inquired if UBC actively collected statistics on past and current MLES students, and what research and/or data supported the proposed affiliation agreement. Dr. Cioe suggested that the proposed affiliation agreement would enable the University to begin to track the success of these students. Dr. Owram spoke in favour of the proposed affiliation agreement noting that other international schools might similarly approach UBC, and that the data collection proposed could be applied to all international students. Dean Campbell agreed on these points, and further suggested that all data be considered, including data from other institutions where MLES students opted to attend.

Dr. Najjaran questioned the confusing interchange of terms between ‘UBC’ and ‘UBC Okanagan’ within the text of the proposed affiliation agreement. Mr. Eaton explained that any affiliation must be with UBC as a whole and not one campus, faculty, or unit. There were some instances where it was important to specify the Okanagan campus, and others where the umbrella term ‘UBC’ was required. Mr. Eaton conceded that while specifically the use of terms was correct, generally it might present as confusing.

The motion was put and carried.

Agenda Committee
Committee Chair Ms. L’Orsa presented the report.

Leave of Absence Request
Ms. L’Orsa presented one Senator request for a leave of absence from Senate.

Moved:        Ms. L’Orsa
Seconded:     Dr. Cioe

That Senate approve a leave of absence for Dr. Carl Hodge for the months of January, February, March, April, and May 2010.

The motion was put and carried.

Curriculum Committee

Committee Chair Dean Campbell presented the report. 

See also, ‘Appendix C: Curriculum Summary.’

Moved:   Dean Campbell  
Seconded:  Ms. Kuhn

That Senate approve the new programs and courses brought forward by the Faculties of Applied Science, Arts and Sciences, creative and Critical Studies, education, and Health and Social Development as set out in the attached proposals.

Discussion

Dr. Cioe inquired if there was more flexibility in degree the parchment than in previous years. Mr. Ridge explained that Enrolment Services could explore design revisions to meet academic needs.

Dr. Lalonde inquired after the Faculty of Applied Science’s proposal for a new course VURS 499: Visiting Undergraduate Research Students. Dr. Yannacopoulos explained that visiting students must be registered in a course to access labs, library facilities, and other, and to be covered under eligible insurance. Dean Krank added that Graduate Studies will be submitting a similar proposal for the same reasons. Mr. Eaton confirmed that UBC Vancouver has approved similar
proposals as a way of regularizing the presence of visiting students on campus and clarifying their rights and obligations.

Dr. Johnson inquired why representatives from Economics were not consulted on the ENGR 505: Social Cost-Benefit Analysis of Engineering Projects proposal. The assembly divided the motion to consider ENGR 505 separately.

The motion to approve the Curriculum Report with the exception of ENGR 505 was put and carried.

ENGR 505

Moved: Dr. Johnson  
Seconded: Dr. Lalonde  

That Senate refer ENGR 505 to the Curriculum Committee for further consideration.

Discussion on ENGR 505

Dean Campbell noted that the Curriculum Committee circulates agenda packages to Committee Members well in advance of each meeting and meetings are well represented by all faculties. Mr. Eaton confirmed that the Faculty of Arts and Sciences had been consulted and had indicated that they had no interest in the proposal.

The motion to refer the ENGR 505 to the Curriculum Committee for further consideration was put and failed, one in favour.

The motion to approve ENGR 505 was put and carried.

Report from the Associate Vice-President, Enrolment Services and Registrar

UBC Annual Report on Enrolment 2009

For Senate’s information, Mr. James Ridge presented the 2009 Enrolment Report. Highlights included:

• UBC’s 2009 target was 41,488 FTE (full-time equivalents), an increase of 1,301 FTE over 2008;
• Approximately 400 FTE growth in graduate, 900 FTE growth in undergraduate, mostly UBC Okanagan;
• 2009/10 enrolment forecast at 42,514 FTE, 1,026 FTE (or 1.5%) over funded enrolment;
• Unfunded graduate and undergraduate enrolment at Vancouver continues to compensate for undergraduate shortfall at the Okanagan campus;

• New student undergraduate applications: UBC Vancouver: 19,362 (up 6%); UBC Okanagan: 3,024 (up 5%);

• Access: UBC Vancouver: 69% admitted; UBC Okanagan: 80% admitted;

• Registration: UBC Vancouver: 54% (up 4.5%); UBC Okanagan: 59% (up 4.2%).

Strategies and challenges for 2010 and beyond:

• Enrolment planning is increasingly linked to financial planning;

• Strategic enrolment objectives should be aligned with Place and Promise;

• Financial support to students should reflect new strategic directions;

• Use of GPA alone for admission increasingly problematic;

• Sustaining recent growth rates at UBCO will be require significant focus on recruitment and retention; and

• We have heard clearly from students about their experience with the enrolment process.

Note: The full UBC Annual Report on Enrolment 2009 is available for review on the Okanagan Senate website: www.senate.ubc.ca/okanagan.

Discussion

The assembly discussed broader-based admissions as an alternative to relying on GPA alone. Dean Belton described the Faculty of Creative and Critical Studies’ use of portfolios as an example of broader-based admission was meant to evaluate exceptional performance. Another example cited was the Doctor of Medicine (M.D.) program, where high GPAs have become the norm and largely meaningless above a certain threshold; other criteria have been emerging as more accurately indicative of a student’s success.

Dr. Cioe observed that alternative admissions models required additional resources to evaluate properly. Chancellor Morgan-Silvester echoed this comment and inquired how future enrolment planning will be linked to the budget process, and what steps will be taken to improve the accuracy of the enrolment process. Mr. Ridge responded that these issues continued to be discussed with the various stakeholders involved in strategic enrolment management.

OKANAGAN SENATE
Minutes of 27 January 2010
PROCEDURES

[...]  

4. **Travel to Level 1 “Exercise Normal Security Precautions” or Level 2 “Exercise High Degree of Caution” Travel Advisory Destinations**

4.1. Students may travel for University Activities to locations with a DFAIT Travel Advisory of Level 1 or Level 2 provided that they comply with the conditions and requirements set out in the Policy and these Procedures (see for example the requirements in Article 10 of the Procedures). Provided they comply with the conditions and requirements set out in this Policy they are not required to seek authorization for such travel pursuant to this Policy.

5. **Authorization for Travel to Level 3 “Avoid non-essential travel” or Level 4 “Avoid all travel” Travel Advisory Destinations**

5.1. The University will not authorize Student travel to a country or region of a country with a Level 3 or a Level 4 Travel Advisory to engage in a University Activity unless exceptional circumstances exist. If a Student believes exceptional circumstances exist to justify the University giving the Student a special authorization, he or she may apply for special authorization as outlined in Article 5.2 of these Procedures.

5.2. A Student seeking special authorization to travel in a country or region of a country with a DFAIT Level 3 or Level 4 Travel Advisory must apply to their Head of Unit to seek authorization following the process provided by Go Global, within the timeframes stipulated by Go Global. The Go Global website at [http://www.students.ubc.ca/global/](http://www.students.ubc.ca/global/) outlines the process needed to apply to the Head of Unit, and the timelines for such application.

5.3. It is the responsibility of the Head of Unit to determine whether to grant or to decline to grant the authorization requested in Article 5.2 of these Procedures. Such determination must be made using the process outlined on the Go Global website which will include notification to the Student. Before approving this travel the Head of Unit must consult with the Go Global Office, and at a minimum, be satisfied that:

5.3.1. The travel has the written support of the Activity Sponsor;

5.3.2. The travel has the written support of the Go Global Office;

5.3.3. For a Student under the age of 19 years, the trip has the written support of the Student’s parents or legal guardians;

5.3.4. The travel is academically necessary for the Student and if not carried out at the proposed location and time there will be serious negative consequences for the Student’s academic program;

5.3.5. The Activity Sponsor or Student has submitted a risk assessment and emergency planning document which has been developed in consultation with the Go Global Office and which is deemed by the Go Global Office as satisfactory;

5.3.6. The Activity Sponsor or Student can demonstrate that the Student has taken adequate steps to mitigate risks at the location and will have adequate support and guidance while in the region. In making this assessment the Head of Unit should consider the Student’s experience and background in the region, whether a University employee is travelling with the Student and/or whether the Student is travelling with an established local organization with expertise in providing safe travel within the region;
5.3.7. If the travel is to a region of a country with a Level 4 Travel Advisory, the travel has written support of the Dean of the Student’s Faculty;

Special authorizations of this nature will only be granted in exceptional circumstances. The fact that the conditions listed above have been met does not create any entitlement to a special authorization from the Head of Unit.

6. **Revocation of Authorization**

6.1. Notwithstanding a decision made by the Head of Unit pursuant to Article 5.3 of these Procedures to authorize travel for a particular Student, the Academic Responsible Executive or his or her delegate (with respect to University Activities that that receive academic credit), or the Vice President Students or his or her delegate (for non-credit bearing University Activities), may review a Student’s application for authorization and may decide to revoke such authorization for the Student to travel as a result of safety concerns. Such determination must be made in writing and sent to the Head of Unit, the Student and the Go Global Office. For the purposes of this Article the Academic Responsible Executive with respect to Students registered in courses at the University’s Vancouver Campus is the Provost and Vice President Academic, and the Academic Responsible Executive with respect to students registered in courses at the University’s Okanagan Campus is the Deputy Vice Chancellor and Principal UBC Okanagan.

[…]

8. **Unauthorized Travel**

8.1. Where the University has not authorized Student travel for a University Activity, or where such authorization has been revoked as a result of safety concerns, then if the Student undertakes the travel, he or she will be considered to be travelling as a private citizen and may not hold himself or herself out as travelling for a University Activity.

8.2. No University resources can be used, or University sponsorship provided, in support of unauthorized Student travel for a University Activity. In the event the University becomes aware of such unauthorized travel the Head of Unit may, at his or her discretion, take any of the following measures:

8.2.1. suspend or cancel the University Activity or the Student’s participation in the University Activity;

8.2.2. suspend or cancel any funding to the Student from sources controlled by the University;

8.2.3. subject to applicable laws, and with the approval of the University’s Access and Privacy Manager,

8.2.3.1 advise third parties of the Student’s situation (for example government agencies, or the parents, guardians or next of kin of the Student);

8.2.3.2 advise third parties that the Student is not travelling under the auspices of the University or with the authorization of the University;

8.2.4. if the Head of Unit is the head of an academic unit;

8.2.4.1 with the approval of the Dean of the relevant Faculty, withdraw the Student from registration in, or place the Student on leave from, any course or program related to the travel;
8.2.4.2 with the approval of the Dean of the relevant Faculty, decline to award academic credit for activities undertaken while travelling;

8.2.4.3 determine that any research conducted while traveling may not be used as a means of meeting a degree requirement at the University.

8.2.5 impose such other restrictions as the Head of Unit feels are warranted by the situation.

8.3. When making a decision pursuant to Article 8.2, a Head of Unit must consider any information that has been received by the Head of Unit from the Student.

8.4. Decisions made pursuant to Article 8.2.4 may be subject to appeal within the Student’s Faculty and can be ultimately appealed to the appropriate committee of Senate that has jurisdiction.
