Attendance

Present: Deputy Vice-Chancellor Dr. D. Owram (Vice-Chair), Dr. A. S. Abd-El-Aziz, Mr. R. Adl, Mr. P. Arthur, Ms. S. Barnard, Dean B. Bauer, Dean R. Belton, Dr. W. Broughton, Ms. M. Burton, Dr. E. Butz, Dean R. Campbell, Dr. J. Castricano, Dr. J. Cioe, Ms. L. Driscoll, Dr. J. Gustar, Dean M. Isaacson, Dr. D. Keyes, Mr. M. Koovisk, Dean M. Krank, Dr. R. Lalonde, Mr. G. Lepp, Mr. D. Lubbers, Ms. V. Lymberopoulos, Dr. S. McCoubrey, Ms. N. Neumann, Dr. S. Reid, Dr. C. Scarff, Mr. F. Vogt (Associate Registrar & Acting Secretary), Dr. M. Williams, Ms. M. Wilson, Dr. Spiro Yannacopoulos, Ms. G. Zilm

By Invitation: From Enrolment Services: Ms. L. M. Collins, Mr. C. Eaton, Ms. N. Limbos-Bomberg

Regrets: President Stephen Toope, Chancellor Dr. A. McEachern, Mr. G. August, Dr. J. Basset-Smith, Dean J. Bottorff, Mr. R. Chavarie, Dr. M. Duran-Cogan, Mr. R. Gandha, Ms. E. Johnston, Dr. A. Labun, Dr. C. McFadyen, Mr. O. Penner, Mr. B. Silzer (AVP and Registrar), Dr. M. Ungureanu, Dr. P. Wrzesniewski

Recording Secretary: Ms. K. Ross

Call to Order
Deputy Vice-Chancellor Doug Owram called the meeting to order.
Agenda
On behalf of the Policies and Procedures Committee, Chair Dr. Daniel Keyes requested the addition of one item under Other Business as a Report from the Deputy Vice-Chancellor: Joint Senate and Board Policy – Amendment of Policy #21: Appointment of Deans and Principals.

The Agenda with the above amendment was accepted by consent.

Senate Membership
Mr. Fred Vogt noted the following changes in Senate and Committee Membership:

Replacement – Dr. Jan Cioe to replace Dr. Peter Wylie on the Nominating Committee for the remainder of this Senate term until 31 August 2008 and thereafter until replaced.

Declaration of Vacancy and Call for Nominations – one Student Senator to replace Mr. Matt Koovisk on the Nominating Committee for the remainder of this Senate term until 31 March 2008 and thereafter until replaced. Nominees should identify themselves to the Senate Secretariat no later than 4:00 p.m. on 30 November 2007.

Declaration of Vacancy by Secretary to Senate under Rules and Procedures of the Okanagan Senate, Part 3, Section 12: one Student Representative on Senate (Faculty of Health and Social Development) to replace Ms. Megan Patapoff and one Student Representative on Senate (Faculty of Applied Science) to replace Mr. Connor Wilson for the remainder of this Senate term until 31 March 2008 and thereafter until replaced.

Dean Isaacson welcomed Dr. Spiro Yannacopoulos to the Okanagan Senate effective 1 November 2007 as a Faculty Representative from Applied Science.

Minutes of the Previous Meeting, 10 October 2007

Moved: Dr. Gustar
Seconded: Mr. Lubbers

That the minutes of the Okanagan Senate Meeting of 10 October 2007 be adopted as amended.

Student Senator Ms. Shannon Barnard inquired after the discussion surrounding the attendance of Student Senators at Senate and Committee Meetings; the Vice-Chair noted the summary on page 3 under Report of the Nominating Committee.
The motion was put and CARRIED.

Business Arising from the Minutes

Candidate for Master of Science in Environmental Sciences

Vice-Chair Dr. Owram turned this discussion over to the Policies and Procedures Committee Chair, Dr. Daniel Keyes, who made the following recommendations:

The Faculty of Arts & Sciences has delegated to the College of Graduate Studies the responsibility of recommending a candidate for the Master of Science in Environmental Sciences to the Senate at its November 2007 meeting, and also the responsibility that the name of the College and the signature of the Dean of Graduate Studies, and not those of the Faculty of Arts & Sciences, will appear on the corresponding degree parchment.

The relevant recommendation to Senate at its November 2007 meeting will be through the following motion: “that the College of Graduate Studies, upon the request of and with the concurrence of the Faculty of Arts and Sciences, recommends to the Senate that the candidate for the degree of Master of Science in Environmental Sciences…”

It is recognized that the above actions are not to be construed as setting a practice or a precedent for future considerations and approvals relating to the awarding of graduate degrees at UBC Okanagan.

Moved: Dr. Keyes
Seconded: Mr. Lubbers

That the Senate accept the recommendations of the Policies & Procedures Committee with respect to an interim arrangement for the granting of the Master of Science in Environmental Sciences at UBC Okanagan.

CARRIED.

Vice-Chair’s Remarks and Related Questions

Vice-Chair Dr. Owram noted three items for information:

Firstly, that the University of British Columbia publishes its Annual Report to coincide with the Annual General Meeting (AGM) held each fall; the theme for the 2006/07 AGM and Annual Report is "Foresight" which both anticipates and celebrates the centenary of the University Act of 1908, which created The University of British Columbia. The meeting is being held in Kelowna on Monday 26 November from 12noon to 1pm. For more information see http://www.ubc.ca/agm.

A second item for information is the upcoming meeting of the Council of Senates Okanagan Budget Sub-committee Friday 9 November 2007 regarding the 2008/2009 budget. Dr. Owram was pleased to note that are funds to provide for all essential needs.

One last item for information: the Dean of Applied Science, Dr. Michael Isaacson, is concluding his term 30 June 2008. Senate joined Dr. Owram in thanking Dean Isaacson for his many contributions.
In response to a question from the floor, Dr Owram noted that there are plans for a safe bikeway on Highway 97 leading into campus and around the traffic circle; while unsure of the timeline he offered to bring more information to the next meeting.

Candidates for Degrees

Candidates for Degrees: lists as submitted by the Faculties and Schools were available for advance inspection at Enrolment Services, and were also be available at the meeting

Moved: Dr. Cioe  
Seconded: Dr. Williams

That the College of Graduate Studies, upon the request of and with the concurrence of the Faculty of Arts and Sciences, recommends to the Senate that the candidate for the degree of Master of Science in Environmental Sciences be granted that degree, effective November 2007, and that the Senate accepts that recommendation and grants the degree.

That the College of Graduate Studies, upon the request of and with the concurrence of the Faculty of Education, recommends to the Senate that the candidates for the Master of Education and the Master of Arts in Education be granted the degrees for which they were recommended, effective November 2007, and that a committee composed of the Registrar, the Deans of Education and Graduate Studies, and the Chair of the Okanagan Senate, be empowered to make any necessary adjustments (2/3 majority required).

That the candidates for undergraduate degrees, as recommended by the Faculties and Schools, be granted the degrees for which they were recommended, effective November 2007, and that a committee composed of the Registrar, the Deans, and the Chair of the Okanagan Senate, be empowered to make any necessary adjustments (2/3 majority required).

Discussion

In response to a question from Ms. Neumann regarding the composition and mandate of the committee charged with making changes to the list of degree candidates, Mr. Vogt noted that the above language is standard to enable last minute changes to the detail of a student’s record.

*The motion was put and CARRIED.*

From the Board of Governors: Consolidated Financial Statements for 2006/2007

Vice-Chair Dr. Owram noted that consolidated financials are standard accounting statements; administration relies more consistently on operating and capital
budgets. Dr. Owram asked if there were any questions from the floor, noting that a budget presentation is planned for a future Senate meeting with more meaningful discussion at that time.

Nominating Committee

Senate Committee Assignments

On behalf of the Nominating Committee, Chair Dr. Lalonde made the following omnibus motion:

Moved: Dr. Lalonde
Seconded: Dr. Abd-El-Aziz

That Mr. Peter Arthur be appointed to the Policies and Procedures Committee as Faculty Member or Dean until 31 August 2008 and thereafter until replaced;

That Mr. Oliver Penner be appointed to the Policies and Procedures Committee as Student Representative Committee for the remainder of this Senate term until 31 March 2008 and thereafter until replaced; and

That Mr. Matt Koovisk be appointed to the Admissions and Awards Committee for the remainder of this Senate term until 31 March 2008 and thereafter until replaced.

Discussion

Ms. Neumann inquired if the Nominating Committee had considered shuffling students to better enable them to attend Senate Committee meetings; Dr. Lalonde replied that the committee strives to improve the overall committee structure by incorporating student schedules into the committee structure process.

The motion was put and CARRIED.

Policies & Procedures Committee

UBC Okanagan Policy on Research Centres and Institutes

On behalf of the Policies and Procedures Committee, Chair Dr. Keyes presented for approval a new policy entitled: UBC Okanagan Research Centres and Institutes.

Moved: Dr. Keyes
Seconded: Dr. Williams

That the policy on Research Centres and Institutes, as recommended by the Policies & Procedures Committee, be approved.
Discussion

Dean Bauer expressed his support for a flexible policy. He noted that while the consultation process included both the Academic Council and the Deputy Vice-Chancellor’s Executive Committee, some suggestions from the members of these groups have not been incorporated in the final draft; two comments in particular: 1) whether or not the distinction between academic and teaching centres will always be made; and 2) the opening statement “Given that only one institute and one centre currently exist at UBC Okanagan…” is not wholly true. In summary Dean Bauer felt that the policy as written is problematic and requires revision.

Dean Isaacson concurred that flexibility is key, particularly with regards to the needs of potential funders and their interest in supporting a centre. More concerned with governance, he felt that while there was a sound structure proposed for institutes, centres lacked accountability. He proposed a revision that would see centres within a faculty report to their dean who would in turn report to the AVP; inter-faculty centres would report to a steering committee and from there, to the AVP. Dr. Abd-El-Aziz responded that he felt comfortable amending the reporting structure on centres to read that a centre shall report annually to the dean with a copy to the AVP. Such a reporting structure would respond to the general sentiment that deans might be circumvented.

In response to a question from Dr. McCoubrey asking whether program centres and institutes would be covered by this policy, Dr. Abd-El-Aziz confirmed that program centres and institutes are separate; this policy deals only with research. Dean Krank agreed that perhaps any discussion should carefully explore language as there are currently centres in existence that would hopefully not have to change their name if the current proposal is approved.

Several concerns were raised from the floor around centres currently in existence and how the proposed policy would affect them: the Centre for Species at Risk and Habitat Studies (SARAHS) in the Barber School; the Okanagan Regional Chemical Analysis Centre; the Allied Social Research Centre (ASRC) among others. Dr. Keyes responded that it was the hope that these centres would respond to the new policy and endeavour to either align themselves or, through a multi-year plan, graduate to full institute status for advantages of increased prestige.

There was further discussion about the optimal reporting structure for single-faculty versus multi-faculty centres.

Dean Stuart inquired if the final bullet under Characteristics of Research Centres “Does NOT offer undergraduate or graduate programs, courses, or degrees…” includes non-credit courses.

Dr. Williams expressed his concern that the amendments from the floor had become too detailed. At this time the Chair ruled that the proposed amendments could no longer be considered ‘friendly’ and summarized four options currently before the assembly: 1) to amend further from the floor; 2) to send back to
Committee; 3) to divide the motion to separate the centres text from the institutes text; and 4) to reject the full policy.

Moved:  Dean Isaacson  
Seconded:  Dean Krank  

That the question be divided to allow separate consideration of policies regarding institutes and policies regarding centres.  
CARRIED.

Moved:  Ms. Neumann  
Seconded:  Dr. Cioe  

That the policy on Institutes be approved.  
CARRIED.

Moved:  Dean Isaacson  
Seconded:  Ms. Neumann  

To refer the Policy on Centres back to the Policies and Procedures Committee

Discussion

Dean Isaacson suggested that the Policies and Procedures Committee consider the many concerns raised by the Senate and conduct wide consultation. Ms. Collins confirmed that Senators could send their comments to the Policies & Procedures Committee via the Secretariat.

The motion was put and CARRIED, one opposed.

Process for Review of Academic Organization of Faculties and Units at UBC Okanagan

On behalf of the Policies and Procedures Committee, Chair Dr. Keyes recalled for Senators that, at the last Senate meeting, it was reported that a task force was struck to review the College of Graduate Studies. Similarly, this current item for information notifies Senators that the Policies and Procedures Committee is requesting that the Associate Vice-President, Academic & Research (AVP) conduct a current-state analysis of the faculties and units to ensure that the growth desired is enabled and in accordance with the Academic Plan. In summary, the AVP will strike a task force to review the Faculty of Creative and Critical Studies, the Faculty of Health and Social Development, the Faculty of Arts and Sciences and the Faculty of Education (the Faculty of Applied Science and the Faculty of Management are either affiliated with Vancouver or are too new and are excluded). The Chair reminded Senate that this item is coming before the assembly for information only and that the lines of authority between
Senate and Administration are well respected – any recommendations of the task force will come before Senate for approval.

Dean Belton felt the item was somewhat disingenuous in that there are really only two faculties affected by the proposed review (the Faculty of Creative and Critical Studies and the Faculty of Arts and Sciences) with only two issues at hand.

Dr. Lalonde inquired how the Graduate Studies review would figure into the timing of this proposed review. Dr. Keyes clarified that while each review moves somewhat in parallel, the Graduate Studies review will conclude first and will inform this review.

Echoing Dr. Owram’s earlier comment, Dr. Cioe observed that, while some decisions made in the beginning by administration were due in part to strict timelines and prior to the formation of Senate, it would seem wise to review these decisions and explore areas of improvement; change is just one option. Dr. Cioe voiced his belief that such a review is at the heart of academia.

Dean Isaacson responded to Dr. Cioe’s reference to administration making decisions reserved for Senate. He noted that references to the faculties are entrenched on the University Act and the Senate had a key role in determining the faculties; in fact, every unit and faculty was approved in the appropriate way by Senate.

In direct response to the committee structure currently being proposed to conduct a review, Dean Isaacson stressed the importance of this being a Senate committee – rather than administrative committee – with names named put forward by the Nominating Committee. He noted that he was as well troubled by the absence of the role of the deans in that the review is problematic as an administrative committee instructing a Dean on how to organize his/her own unit or faculty. There are two options: choose the administrative route and include the deans or strike a Senate committee; as the memo currently reads it does neither.

Dean Bauer voiced his disappointment at the lack of consultation and late notification on this issue. He noted that the proposed committee structure excludes deans and, as administrative structural review, the inclusion of deans is key to the process. To date many of the issues being raised here have been discussed at length by those in the Barber School, but they have allowed for a reasonable gestation period to allow these structures to take their course. While he invites a review, he feels it should be done by the Senate with clear terms of reference. Unclear as to the rationale behind the exclusion of certain faculties, Dean Bauer concluded his comments by reminding Senate that UBC Okanagan and its faculties was created simultaneously in 2005.

Moved: Dean Isaacson  
Seconded: Dr. Cioe

That the Policies and Procedures Committee be directed to reconsider its request to the Associate Vice-President Academic & Research to strike a
task force to conduct a review of the academic organization of faculties and units, and instead clarify specific terms of reference for review of the academic organization of a faculty(ies) or unit(s) and any associated process for such a review before requesting any such review.

In summary, the Chair noted that the Senate seeks clarification on the review as well as confirmation of an appropriate committee structure. Dean Stuart suggested that timelines be included in any future motion, including the relationship of the Graduate Studies review.

*The motion was put and CARRIED.*

**Senate Secretariat**

Dr. Keyes offered a report for information submitted by the Vancouver Agenda Committee and presented to Senate by the Policies and Procedures Committee: in summary, the Report notes that resources that are now available to the Senates, both people and budget.

Dean Isaacson expressed his delight at this positive news and offered his thanks to President Toope for designating a budget to service this important function. Dean Isaacson acknowledged the new title of Associate Secretary accorded to the incumbent, Ms. Lisa Collins, as an appropriate designation that suitably reflects the extensive role of her portfolio with respect to the Senate Secretariat.

**Curriculum Committee**

On behalf of the Curriculum Committee, Chair Dr. Gustar presented curriculum proposals from the Faculties of Arts and Sciences, Health and Social Development and Management.

*Moved: Dr. Gustar*

*Seconded: Dr. Cioe*

*That Senate approves the new and changed courses and programs brought forward by the Faculties of Arts and Sciences, Health and Social Development and Management as set out in the attached package.*

**Discussion**

Dean Belton noted that while he was supportive of the course proposal, he wondered if MGMT 440: Brands, Culture and Marketing followed a complete consultation process. Dr. Gustar noted that the Curriculum Committee looks closely at the consultation aspect. This was confirmed by Dean Stuart who stated that the Faculty of Management endeavors to offer full consultation; he apologized if the Faculty of Creative and Critical Studies was missed.

Dr Cioe made a general comment about the issue of consultation process. Dr. Gustar observed that the Curriculum Committee felt that the current system
works well; namely, that faculty curriculum chairs are designated as consultation points and distribute approval information as necessary.

The motion was put and CARRIED.

Admissions and Awards Committee

Admissions Requirement to ETEP and STEP

On behalf of the Admissions and Awards Committee, Chair Dr. McCoubrey presented the following new proposal.

Moved: Dr. McCoubrey
Seconded: Dean Campbell

That the Senate approve the proposal from the Faculty of Education to adjust the admission requirements for ETEP and STEP

Discussion

Dr. McCoubrey clarified that ETEP stood for Elementary Teacher Education Program while STEP stood for Secondary Teacher Education Program. There was a request from the floor to refrain from using undefined acronyms in Senate materials.

The motion was put and CARRIED.

International Baccalaureate Transfer Credit

On behalf of the Admissions and Awards Committee, Chair Dr. McCoubrey presented the following new proposal.

Moved: Dr. McCoubrey
Seconded: Mr. Cioe

That the Senate approve the proposed changes to International Baccalaureate Transfer Credit.

Discussion

Dr. Cioe noted for Senate, and the Chair confirmed that was the case, that for all other decisions regarding transfer credit, decisions about which IB Standard Level (SL) courses get credit and which credit they get (specific or unassigned) are made by the Faculties, with coordination by Enrolment Services. Neither Senate nor any of its committees approves those articulation agreements.

The motion was put and CARRIED.

New Awards

On behalf of the Admissions and Awards Committee, Chair Dr. McCoubrey presented the following new awards for approval.
Moved: Dr. McCoubrey
Seconded: Ms. Neumann

That Senate accept the new awards as listed and forward them to the Board of Governors for approval, and that letters of thanks be sent to the donors.

Discussion

In response to a question from the floor, Dr. McCoubrey clarified that for both CTQ awards, the term “entering” refers exclusively to first-year students. (By definition entrance scholarships are available only to first year students – straight out of grade 12 – through a major entrance scholarship competition; students who have some college or university transfer credits are not eligible.)

Ms. Neumann requested gender equity consideration with regards to the Rob SIVACOE award. As well, she reiterated her previous disappointment in the lack of designated awards for graduate students.

In response to an inquiry after the approval process for the latest endowment ($250,000 from the Deepak Binning Foundation), Dr. Owram confirmed that at this time it was only a commitment of funds; a request for approval for the award will come forward to Senate through the Admissions and Awards Committee once funds are raised.

The motion was put and CARRIED.

Other Business – Report from the Deputy Vice-Chancellor

Vice-Chair Dr. Owram noted that the recent resignation of the (dual campus) Faculty of Applied Science Dean (Dr. Michael Isaacson) triggered the awareness of a contradiction between the UBC Vancouver and the UBC Okanagan policies surrounding the appointment of deans and principals. He apologized for the haste by which this item was brought forth.

Rather than striking some kind of super-committee, and in light of the recent breaches by the Board of Governors of Section 27 (2) (f) of the University Act (the Board of Governors has been approving senior appointments without the approval of the Senate) the Office of the Deputy Vice-Chancellor is proposing a Joint Senate and Board Policy to address the process of appointing a linked-campus dean. In the proposed process, each Senate will address the issue before sending it forward to the Board of Governors.

Vice-Chair Dr. Owram summarized the proposed membership of the Committee for the selection of a Dean of the Faculty of Applied Science, as follows:
In response to a comment that the graduate student will be chosen from the Vancouver campus, Mr. Lubbers inquired if there was not a master's student in the School of Engineering at the Okanagan campus; if so, he inquired if rather this graduate student should participate. Dr. Yannacopulos stated that he would find it odd to ask a student who was admitted to the program a few months ago and not yet that familiar with the University, to participate.

In response to a question about the expiry of the proposed policy, Dr. Owram confirmed the cover letter statement: that he was recommending that the Okanagan Senate approve the proposed amended Policy #21 with “…such approval to expire on June 30, 2008.” He again apologized for the late notice.

Note: At this time the Chair of the Policies and Procedures Committee, Dr. Daniel Keyes assumed the role of meeting Chair; Dr. Owram stepped down as Chair.
Dean Stuart noted the lack of deans in the proposed committee structure; Dr. Owram reminded Senate that the presidential appointments can be used to balance representation on a committee. It was clarified that the additional members are only used to off-set the inclusion of additional members.

Dean Isaacson addressed Senate. He stated that he felt it was wonderful that this policy requires both Senates’ approval and that the latest practice of the Board of Governors to not consult with Senate is being rectified.

Mr. Lubbers wondered if such a joint policy would be better considered by the Council of Senates.

Dean Krank noted that if the assembly is being asked to vote on the entirely of Policy #21, the language deals only with Deans of Faculties and does not include his current position as Dean of the College of Graduate Studies. The Chair recognized Mr. Chris Eaton who clarified that this was considered in the drafting of the policy but that the group resolved to hold further edits until the Graduate Studies review could be completed. Dr. Owram supported this, suggesting that if necessity arose, an emergency policy would be drafted as required.

Ms. Neumann again raised the issue of the graduate student and voiced her concern that the Vancouver graduate students would outnumber the Okanagan graduate students. Dr. Owram suggested that the President might opt to use one of his discretionary positions for an Okanagan Engineering graduate student.

Dr. Owram stressed to Senate that this proposed committee, like all other such committees, was not struck for voting purposes per se, but rather to ensure that all constituencies are represented. As such, any person on campus with a concern would have a person to contact. The composition is meant to assure a consultative process by which all and various issues can come forward.

*The motion was put and CARRIED, 4 (Students Senators) opposed, 3 abstentions.*

**Adjournment**

There being no further business, the meeting was adjourned at 5:25pm.

*The following regular meeting was scheduled to be held on Wednesday 5 December 2007 at 3:30pm to 5:30pm in Library 317.*
