#### **Previously-Approved Awards With Changes in Terms or Funding Source:**

**Award 00741 – V.C. BRINK Book Prize:** (revised description) A \$350 prize has been endowed for a student who has excelled in participation and leadership in academic field trip activities, including related presentations and individual written assignments. Previously the fund supported the Dean B.A. Eagles Book Prizes from 1950 to 1978, when the prize was renamed and endowed by Dean and Mrs. Eagles in honour of Dr. Vernon C. Brink, first Director of the Field Trip, on the occasion of his retirement as Professor of Agronomy in the Department of Plant Science.

How amended: Previously, the prize was directed specifically to outstanding students in the Agriculture 300 Field Trip. Since this course ceased to exist some years ago, the prize has not been awarded since 1998. To rectify this situation, the Scholarship Chair in Land and Food Systems has recommended a more generic wording which does not cite specific course numbers but still restricts the prize to students participating in field trips. As the creation of the endowment predates the use of Endowment Deeds at UBC, there is no legal documentation on file precluding the revision, which is, in any case, in keeping with the spirit and intent of the original gift. The donors, Dean and Mrs. Blythe Eagles, passed away some years ago.

**Award 03157 – Tommy DIESPECKER Memorial Prize:** (revised description) A \$400 prize has been endowed by the friends of Tommy Diespecker for a student obtaining the highest standing in the field of clinical hematology (including microscopy). The award is made on the recommendation of the Faculty of Medicine.

How amended: The prize was formerly restricted to “the third year medical student obtaining the highest standing in the field of clinical microscopy (hematology).” With changes in the M.D. curriculum, few students now spend any time dealing with microscopy and so the prize has become almost impossible to award. Accordingly, the revised language is recommended by the Faculty.

**Award 02336 – FORED BC Society Ken Haley Memorial Prize:** (revised description) A \$500 prize is offered by the FORED BC Society to the student achieving the highest standing in

Forestry 327 (Forest Fire Science and Management). The award is made on the Faculty of Forestry.

How amended: This annually-funded award was formerly called the “Coast Fire Prevention and Control Group Ken Haley Memorial Prize” and a second course (Forestry 427) was also included in the criteria. As reflected in the new title, the sponsoring organization has now changed to the FORED BC Society. In addition, the Faculty has recommended that eligibility be restricted only to students in Forestry 327.

**Award 04333 – Vladimir J. KRAJINA Scholarship in Plant Ecology:** (revised description) A \$1,800 scholarship has been endowed by his friends, colleagues, and former students. The award is in recognition of Dr. Krajina's significant contribution to the University of British Columbia, not only while he was a member of the Department of Botany, from 1949-1970, but also subsequent to his retirement in 1970. His outstanding contribution to the development of the Ecological Reserves in British Columbia represents the culmination of a long and successful career as one of North America's foremost plant ecologists. The award is made to a student entering the graduate program in Botany and studying plant ecology with a preference for a student who has achieved outstanding performance in Biology 406 or Biology 407, or similar course. The award is made on the recommendation of the Department of Botany in consultation with the Faculty of Graduate Studies.

How amended: The original description designated the award for an undergraduate student in Biology 406 or 407 who intended to do graduate work in Plant Ecology. The revised language permits the awarding of the prize to a student who is actually entering the graduate program and opens up the terms so as to make it possible to make an award each year. The language of the endowment deed is quite open and so there is no legal impediment to this revision.

**Award 00355 – VANDUSEN Graduate Fellowship in Forestry:** (revised description) One or more fellowships to a total of \$6800, the gift of the W.J. VanDusen Forestry Fund, through the Vancouver Foundation, are open to students proceeding to graduate work in the Faculty of Forestry. A candidate must be qualified to undertake graduate work in respect of scholarship, research ability, character, health, and indicate special interest in problems of forestry in British Columbia. The fellowships are made on the recommendation of the Faculty of Forestry and in consultation with the Faculty of Graduate Studies.

How amended: The previous description stated the awards were “tenable for one year at the University of British Columbia, but may be renewed. If they are renewed for one or more years, the Dean of Forestry and the supervisor of studies may authorize the holders to pursue their studies further at another university or in another country.” and “The field of research and the thesis will be arranged after consultation between the donor or his representative and the Dean of Forestry.” With the agreement of the Vancouver Foundation, these provisions have been deleted from the revised version.
