Remarks from the Chair & Related Questions

RECORD OF PRESIDENT'S ACTIVITIES JANUARY 7 TO MARCH 11, 2011

The President had circulated for information a record of his activities from January 7 through March 11, 2011.

VANCOUVER BUDGET

The President reported that the 2011/2012 Vancouver campus budget had been approved by the Board of Governors on April 5, 2011. The budget was structurally balanced, and the President described the major theme as "healthy, not wealthy." Higher than predicted enrolments and stronger returns on investments had contributed positively to the health of the budget. Priority areas for investment included classroom services and experiential learning opportunities. Additional pressure was expected on the budget over the mid- to long-term. The President noted that the Higher Education Price Index continued to rise more quickly than tuition revenue, while the provincial government grant remained fixed.

The President noted that the budget process had included a detailed review of all academic units, cultural attractions, and ancillary units. He expressed his gratitude to everyone involved in the process, particularly Provost David Farrar and Vice-President Pierre Ouillet.

NCAA AND INTERCOLLEGIATE SPORT

The President reported that more than 450 people had completed an online survey on the University's potential application to join the National Collegiate Athletics Association, Division II. This consultative process had revealed passionate feelings about all of the options under consideration. A decision was expected in the near future.

REALLOCATION OF CANADA RESEARCH CHAIRS

The President reported that Canada Research Chairs had recently been reallocated among universities as part of a process undertaken every two years. Reallocation decisions were based on research grant funding received by researchers from the three granting agencies – CIHR, NSERC and SSHRC – in the three years prior to the year of the allocation. As a result of the 2010 reallocation, UBC had gained 10 additional Chairs: six associated with CIHR, three with NSERC, and one with SSHRC. The President described this success as a testament to great work at UBC.

MEETING WITH BC PREMIER

The President reported that he had recently met with the Honourable Christy Clark for the first time since she had assumed office as Premier. Prof. Toope had been encouraged by the meeting, and remarked that the Premier had expressed strong support for UBC and advanced education more generally.

LAND USE PLAN AMENDMENTS

The President reported that the proposed amendments to the Land Use Plan had received government approval on March 1, 2011 and had since come into effect.

UBC LIPDUB

The President noted that the UBC LipDub had recently made a very successful debut. He thanked and congratulated the producers and directors of this entirely student organized project, and described the LipDub as a "spectacular piece of work." The video had been very widely distributed, with the number of views approaching one million.

From the Board of Governors

The Senate received confirmation that the following items approved by Senate had been subsequently approved by the Board of Governors, as required under the *University Act*.

Senate Meeting of February 23, 2011

Curriculum proposals from the Faculties of Arts, Graduate Studies (College for Interdisciplinary Studies, Law, and Science), Land & Food Systems, and Pharmaceutical Sciences

Academic Building Needs Committee

Committee Chair Dr. Sparks presented the report.

CAMPUS ACCESSIBILITY

At the request of Dr. Sparks, the assembly recognized two guest presenters from Campus & Community Planning: Ms. Lisa Colby, Associate Director Policy Planning, and Mr. Gerry McGeough, University Architect.

Dr. Sparks introduced the topic by noting that the Academic Building Needs Committee had been discussing how well the campus was meeting accessibility needs, and whether there were standards or best practices that could be implemented. The Committee had noted claims of "barrier-free" campuses being made by other institutions, and had begun

Campus Accessibility, continued

exploring whether UBC could do the same. To this end, the Committee had met several times with representatives from Campus & Community Planning and was of the opinion that the Senate would benefit from a presentation on the topic.

Highlights of Ms. Colby and Mr. McGeough's presentation were as follows:

- The Campus Plan endorsed by the Board of Governors in 2010 included the following policy commitments:
    - 45 strategy commitments to guide all future growth on campus
    - #19: "A barrier-free environment will be created...over time, based on the principles of universal design."
    - #20: "Modifications to heritage resources will be supported...to improve accessibility to older facilities and landscapes."
    - Land Use Changes: Higher density, mixed uses, better proximity
    - Public Realm: Pathway and connectivity improvements
- The Campus Plan detailed design guidelines provided as follows:
    - Beyond Building Code
    - Apply to building & public realm projects
    - Access Standards woven through all sections: finished grade elevations, pathways, surface treatments, slope requirements, handrail requirements, multiple entry options, visual and way-finding support features, covered rest areas, parking and drop-off
    - Emphasis on dignity, inclusiveness
    - Interior Design fit-out adaptations
- All projects were to follow a regulatory process and would require a development permit; applications were reviewed against design guidelines.
- Accessibility was to be implemented in the following areas:
    - New buildings
    - Renew projects
    - Public Realm Plan
    - Minor capital improvements
    - Wayfinding
- $900 000 over five years had been earmarked for minor capital improvements.
- A federal grant application was in progress in support of improvements to War Memorial Gymnasium, the Wesbrook and Cunningham Buildings, and Mary Bollert Hall.

Campus Accessibility, continued

DISCUSSION

Mr. Heisler commended the general direction toward accessibility within the Campus Plan, and expressed support for the emphasis on dignity. He noted that the Senate meeting room was not very accessible. He asked how accessibility problems were to be addressed once identified, and what steps were being taken to ensure that the problems were not repeated in new construction. Mr. McGeough noted that the meeting room had been constructed prior to the establishment of the current classroom design guidelines, and an audit had since been conducted to identify problems. The new guidelines were intended to maximize accessibility opportunities for both instructors and student users.

In response to a question from Dr. Baimbridge, Mr. McGeough confirmed that emergency egress had been considered as part of the recent audit. He added that the $900 000 set aside for capital improvements would need to be spent wisely to address as many of the identified issues as possible.

Dr. Rucker asked whether the accessibility audit and related improvements would be connected to the work of the Teaching Laboratory Safety Committee, which examined conditions within laboratories for both safety and accessibility. Ms. Colby suggested that while the campus planning process focused at the higher level of urban design and the public realm, the Safety Committee might consider connecting with Facilities Planning in the UBC Infrastructure Development Office, which tended to focus more on building interiors and internal space planning. Dr. Sparks added that the Academic Building Needs Committee had met with representatives of Facilities Planning two years earlier.

Ms. Marzara recalled that she had required crutches during the previous academic year, and that it had been very difficult to move between classes within the allotted 10 minutes. She asked about the availability of a shuttle service to help students in similar situations.

Campus Accessibility, continued

Ms. Colby acknowledged the importance of this issue, particularly as a pedestrian core was created by blocking off vehicular access. It would be necessary to consider access for designated vehicles.

Dr. Thorne raised the issue of washroom access, stating that dignity would be improved for all if washrooms were more obviously available and more comfortable.

In response to a question from Mr. Rasmussen, Ms. Colby and the President confirmed that people with disabilities had been included in the development of the design guidelines.

Prof. Toope thanked the Committee, Ms. Colby, and Mr. McGeough and encouraged them to continue this extremely important work.

Academic Policy Committee

Committee member Dr. McKee presented the report.

MERGER OF THE SCHOOL OF ENVIRONMENTAL HEALTH (SOEH) INTO THE SCHOOL OF POPULATION AND PUBLIC HEALTH (SPPH)

The Committee had reviewed material provided by the College for Interdisciplinary Studies and the Faculty of Medicine for the merger of the School of Environmental Health into the School of Population and Public Health. In consideration of this request, and the desire for the combined unit to have the same name as one of its predecessor entities, the Committee recommended transferral of the affairs of one school to the other and dissolu-

tion of the former. Dr. McKee noted that related curriculum proposals were expected for Senate consideration at the May 2011 meeting.

Dr. McKee
Dr. Rucker

That the Doctor of Philosophy and the Master of Science in Occupational and Environmental Hygiene programs – and all other academic responsibilities including the offering of coursework - be transferred to the School of Population &Public Health from the School of Environmental Health;

That Senate recommend to the Board of Governors that all faculty members with current appointments in the School of Environmental Health have their appointments transferred to the School of Population & Public Health except for those appointments recommended to be transferred to other academic units by the Provost.

That the Senate approve and recommend to the Board of Governors that the School of Environmental Health be disestablished; and

That the above take effect 1 June 2011.

DISCUSSION

In response to questions from Student Senators, Dr. McKee stated that students had been consulted and had expressed their support for the proposed merger. The assembly recognized Dr. Kay Teschke, Professor, School of Public & Population Health, who provided an overview of student consultation and discussion, both in individual and group settings. The most common question asked by students in the School of Environmental Health had been whether their degree program would continue to exist. Although the degree pro-

grams would be moved to the School of Population & Public Health, the programs themselves would remain unchanged.

In response to a question from Dr. Hall, Dr. Teschke confirmed that the School of Environmental Health was much smaller than the School of Public & Population Health, both in terms of faculty members and student enrolment. Occupational and Environmental Health was expected to become one of seven themes within the School of Public & Population Health.

The motion was put and carried.

Admissions Committee

Committee member Dr. Marshall presented the reports.

APPLICATION AND DOCUMENT DEADLINES

The Committee recommended for approval a revised calendar entry on Application and Document Deadlines. A general Winter Session application deadline for undergraduate applicants of January 31 would allow for more timely evaluation of applications and earlier notification of admission decisions.

Dr. Marshall
Dr. Windsor-Liscombe

That Senate approve the revised calendar entry on Application and Document Deadlines, effective for admission to the 2012 Winter Session and thereafter.

DISCUSSION AND AMENDMENT BY CONSENT

Mr. Haffey asked what would happen if a published deadline fell on a weekend or statutory holiday. The assembly recognized Ms. Amandeep Breen, Academic Governance Officer, who clarified that deadlines falling on statutory holidays were customarily moved to

Admissions Committee, continued

the following business day. There was general consensus that the Calendar entry should be clarified to reflect this and the Secretary was directed to make the necessary changes.

The motion was put and carried.

BACHELOR OF SCIENCE: ADMISSION AND TRANSFER (APPROVAL)

The Committee recommended for approval changes in admission requirements for applicants to the Bachelor of Science. For secondary school applicants, the revised calendar entry outlined one application process to assess both academic grades and other criteria for admission. For transfer applicants, the calendar entry clarified how courses completed for credit but no percentage grade would be used for admission.

Dr. Marshall
Dean Peacock
} *That Senate approve changes in admission requirements for applicants to the Bachelor of Science program, effective for admission to the 2011 Summer Session and thereafter.*

DISCUSSION

Ms. Seyednejad asked why the proposed changes were meant to apply only to the Bachelor of Science. Dr. Marshall replied that other programs might choose to follow suit over the following year.

The motion was put and carried.

ANNUAL REPORT: APPEALS ON APPLICATIONS FOR ADMISSION, READMISSION AND TRANSFER TO PROGRAMS

The Committee reported for the information of Senate as follows:

> Pursuant to section 37(1)(b) of the *University Act*, the Vancouver Senate has conferred on the Admissions Committee the power to hear final appeals on applications for admission and readmission to the University.

Admissions Committee, continued

Between May 1, 2010 and March 30, 2011, the Admissions Committee heard 15 student appeals:

- 13 appeals for admission to the University
- 0 appeals for readmission to the University
- 2 appeals by UBC students for admission/transfer to a Degree or Program

Of the appeals heard by the Committee, 6 were allowed and 9 were dismissed.

DISCUSSION

Committee member Dr. Brander pointed out that the fair number of successful appeals might suggest to applicants that appeals were a relatively easy route for admission to the University. He explained that these were commonly cases where a very strong applicant had failed to meet a single specific requirement, and that the admitting Faculty was typically in favour.

Nominating Committee

Committee Chair Dr. Windsor-Liscombe presented the report.

CHANGE TO COMMITTEE MEMBERSHIP

Dr. Windsor-Liscombe
Dr. Orvig

} *That Senate approve the following revision to the membership of the Senate:*

Academic Policy Committee: Dean pro tem. *Susan Porter to replace Dean Barbara Evans.*

Carried.

Student Awards Committee

Committee Chair Dr. Stelck presented the report.

NEW AWARDS

See also 'Appendix A: New Awards.'

Dr. Stelck
Dr. Patterson
} *That Senate approve the awards as listed and recommend them to the Board of Governors for approval; and that letters of thanks be sent to the donors.*

DISCUSSION

Mr. Heisler asked about the source of funding for the 10 new Sauder School of Business Awards. The President responded that the funding had likely come from a reserve within the Sauder School of Business. He added that it was not uncommon for Faculties to establish awards in this way. Dr. Brander confirmed that sources included tuition revenue for professional programs and anonymous donations.

The motion was put and carried.

Tributes Committee

Committee Chair Dr. Thorne presented the report.

POLICY V-250: EMERITUS STATUS

The Committee had circulated the proposed new Policy V-250: Emeritus Status. The following is an excerpt from the covering memorandum:

> Emeritus status is conferred upon an individual who is retired from the University but permitted to retain as an honorary title the rank held at retirement. In contrast to the practice in some other universities, in which emeritus status may be awarded on a selective basis, UBC awards this status to all who meet basic eligibility requirements related to age, rank, and years of service. The title confers certain university privileges and holds an implicit connotation of merit.

Tributes Committee, continued

The attached policy document codifies the current policy on emeritus status in the Senate's policy template, with associated procedures outlined therein. With the elimination of mandatory retirement, the policy has also been modified, but only to the extent that it reflects retirement/resignation as interchangeable for the purpose of eligibility for emeritus status.

Dr. Thorne
Dr. Windsor-Liscombe
} *That Senate approve Policy V-250: Emeritus Status.*

DISCUSSION

Mr. Haffey asked about Section 6, which referred to individuals who had not qualified for emeritus status at the time of their retirement or resignation. Dr. Thorne explained that the criteria had changed over time, and the intent of the policy was to create a mechanism to allow previously ineligible people who met the new criteria to apply to have the status granted.

AMENDMENT

By unanimous consent, the term "Full Professor" was amended to read "Professor."

The motion to approve the policy as amended was put and carried.

Report from the Provost & Vice-President, Academic

CHANGE OF NAME FROM SCHOOL OF HUMAN KINETICS TO SCHOOL OF KINESIOLOGY

The Provost had circulated a proposal to change the name of the above-mentioned School. The circulated rationale described "Kinesiology" as the preferred name in Canada for academic units and programs in this field of study.

Dr. Farrar
Dr. Sparks
} *That Senate approve the change of name from the School of Human Kinetics to the School of Kinesiology, effective 1 May 2011.*

Report from the Provost, continued

DISCUSSION

Mr. Haffey commended the School for having explicitly involved students in discussions about the proposed new name.

In response to a question from Mr. Gorman, Dr. Sparks stated that the School planned to present a proposal in May 2011 to rename the Bachelor and Master of Human Kinetics to align with the new School name. The School intended to include a provision for alumni to convert their credentials issued under the previous name.

The motion was put and carried.

HONORARY DEGREE FOR DR. AMARTYA SEN

The President noted that the conferral of an honorary doctorate on Dr. Amartya Kumar Sen was scheduled to take place at a special ceremony on Thursday, April 21st at 3:00 p.m. He described Dr. Sen as one of the great economists and social theorists of our time, and encouraged Senators to attend the ceremony.

Adjournment

There being no further business, the meeting was adjourned. The following regular meeting was scheduled for Wednesday, May 18, 2011.

(First Award Available in the 2011/12 Academic Session)

Willa and Stuart B. WOODS Graduate Scholarship in Physics - A $1,000 scholarship has been endowed by Mrs. Willa Woods in memory of her late husband Dr. Stuart B. Woods. Dr. Woods received his PhD in Physics from the University of British Columbia in 1952. He worked as a research officer for the National Research Council in Ottawa until 1959 at which time he accepted a faculty position at the University of Alberta. He later became Assistant Dean of Graduate Studies at the University of Alberta. Dr. Woods specialized as

an experimentalist in Low Temperature and Solid State Physics. Mrs. Woods supported her husband's entire academic career and has established this award in his memory. The scholarship is granted to an outstanding graduate student in Physics who is specializing in experimental studies in quantum materials with a preference to those whose studies focus on a low temperature environment. Recommendation is made by the Department of Physics, in consultation with the Faculty of Graduate Studies. (First Award Available in the 2011/12 Academic year)

PREVIOUSLY-APPROVED AWARDS WITH CHANGES IN TERMS OR FUNDING SOURCE:

Roman BABICKI Fellowship - Two $20,000 fellowships have been endowed by Roman M. Babicki. The awards are to support doctoral candidates in any academic department, provided that their supervisor has a primary appointment in the Faculty of Medicine. Candidates must be undertaking cancer research, with preference given to Canadian Citizens and Permanent Residents. Awards may be renewed for a second consecutive year, but no individual or project will receive support from this fund for more than two years.
